Kia Ora Norm,

Thanks for the phone call this morning, and for offering to come to the Community Board meeting next Tuesday (I will send you an invite), as well as offering to talk to neighbours alongside Mark and/or myself/Shawn.

As discussed, I have attached a letter which provides information about the managed fill proposal which may be of assistance when talking with others (as well as a map of ecological measures). I trust it is helpful – please let me know if you need anything further, and look forward to hearing back – as I mentioned, time is of the essence so if meetings can be arranged before the end of the week we will make ourselves available.

Mark's number is 027 889 3163 if you want to speak to him directly re arranging any meetings :)

Kind Regards,
Kate Madsen

Kia ora Norman
Can you please tell me what is being done to stop these truckloads of Gleeson dumping their Auckland asbestos and rubbish in our backyard. How was this passed without notifying every tangata whenua of Rahuipokeka.Who was envolved in the decisions made. Note these double trailer trucks dump from 9am to 3pm every day of the week.I also know our neighbours are not happy with the toxic asbestos.
And how is it justified that the big landfill where they are dumping asbestos into doesn't leak back into our Waikato awa and our lakes Puketerini. This is our drinking water and our resource to our people our town. TWOA Waka ama use Puketerini all swimmers use this lake. Have you Norman viewed that landfill and asked the hard questions concerning our water awa lakes. I find this very disturbing and sad that this has happened.How can this be stopped to ask all Rahuipokeka to comment is this good for our town. No its not Auckland rubbish dumped in our backyard.
Waiting on your reply.
Te Wairemana.

Kia ora koutou katoa

Further to our Hui held on Tuesday 02 June, in Te Whare Huinga.

I appreciated the opportunity of coming together in Karakia and Korero and starting our process of returning to our Work Places.

I wish to acknowledge and thank our Chairman Huirama Matatahi, Trustee Huritau Muru and our Distribution Hub Team joining us and bringing Pai maarire to strengthen us all.

Please find attached a copy of the Power point that was presentated, that gave us guide on some of the procedures that we would follow in or return to work.

As agreed at the hui, we would not return fully to our workplaces and start working with our Whanau until Monday 08 June, next week.

Therefore, this email is to confirm that all Staff are required to return to your respective roles and responsibilities and work places fully on this date Monday 08 June 2020.

If you are unable to return to work, due to sickness and/or any other reason or circumstances please contact me urgently by email, so that I can confirm with you what processes we will follow.

Could all staff respond to this email confirming your availability for work.

Any other queries please contact me in the first instance.
