This is a submission on Variation 13: Te Kauwhata Structure Plan Rezoning of land on
The specific provision of the Variation that my submission relates to is Waerenga Road and
Amendment Number Roto Street

Other identification – eg Attachment, Schedule, Paragraph or Map Number MAP 26

My submission is: (Include whether you support or oppose the specific provision, or wish to have it amended, and the reasons for your view.)

I oppose the rezoning of above specified area to light industrial.
Visitors to this area always comment on how fortunate we are to have such a
spectacular natural street view of rural landscape, lake and ranges. To
destroy and replace this special resource with a concrete jungle view of 10 meter
high industrial buildings is both thoughtless and ludicrous.

To completely appreciate this unique asset, and what it will mean
to lose it, you need to be a local resident or frequent visitor, which
obviously none of the Council planners and decision makers are.

I seek the following decision from the Waikato District Council: (give precise details)

To retain the existing residential living zone, or better still to provide
a combination of residential and recreation zones, which a growing
community requires.

I would suggest you take your light industrial plan to the vast
area of land between Wayside Road and State Highway 1,
which would appear to be a logical use for this land.
