| Report Title             | Glen Murray Hall Association – 125 <sup>th</sup> Year<br>Commemorative Tea-Towels |

## I. EXECUTIVE SUMMARY

The purpose of this report is to present an application for funding to the Onewhero-Tuakau Community Board from the Glen Murray Hall Association (Association) for their 125<sup>th</sup> Year Commemorative Tea-Towels.

Extract from email received prior to meeting agenda close:

"With 2021 being the 125<sup>th</sup> year that Glen Murray was settled and unfortunately the second year of a global pandemic, marked by unpredictable lockdowns, we thought it more important than ever to have an item commemorating the 125yrs. At this stage it is very uncertain we will even be able to hold the event planned for Saturday 13 November 2021 and for many a lot of dates will now clash, being double if not triple booked. **Our core thinking was a commemorative item** (similar to the teaspoon idea) and if we are able to recover the cost even better, but it is not being advertised as a fundraiser. We are a very small district so I wouldn't think we would be able to do much more than recover some of the cost with sale of a tea-towel, i.e. possible price point \$15-20 / tea towel costing us \$4.50 plus GST" (Extract from: Felicity Coker-Grey, email 29 September 2021 – Permission on file).

## 2. **RECOMMENDATION**

THAT an allocation of \$..... is made to Glen Murray Hall Association (Association) for their 125<sup>th</sup> Year Commemorative Tea-Towels;

## OR

THAT the request from the Glen Murray Hall Association (Association) for their 125<sup>th</sup> Year Commemorative Tea-Towels is declined / deferred until ...... for the following reasons:

## 3. BACKGROUND

The Glen Murray Hall Association's main role is to ensure their public buildings (The Hall, Church, Tennis Court and Association grounds) are maintained to a high standard and are serving the needs of Glen Murray's residents and ratepayers.

Due to ever-changing COVID restrictions, the Association feels this project might be the only way the milestone can be commemorated, making it accessible to everyone. It will be made available to purchase online and at an event over summer (should it be possible to hold one, plus up to five more events are planned). It'll give people the opportunity to invest in a historical item for which people could add to their collection or purchase as a gift.

Seven Glen Murray Association Members will be involved in the event, with potentially up to five more (subject to COVID conditions).

## 4. **OPTIONS CONSIDERED**

- 4.1 That the application is approved and an allocation of partial or full funding requested be made.
- 4.2 That the application is declined.
- 4.3 That the application is deferred.

## 5. FINANCIAL

Funding is available to allocate for the year.

The project is noted to cost \$1,293.75. The Glen Murray Hall Association is seeking funding of \$1,293.73 toward the cost of their 125<sup>th</sup> Year Commemorative Tea-Towels.

## 6. POLICY

The application meets the criteria set in the Discretionary Grants Policy, one of which is that grants of \$5,000.00 can be funded up to 100 percent at the discretion of the relevant community board or committee or Council's Discretionary and Funding Committee.

For grants above \$5,000.00, a funding cap of 75 percent of the total project cost applies and other funding needs to be sought.

Funds cannot be uplifted until all sufficient funds for the project are approved.

## 7. CONCLUSION

Consideration by the Discretionary and Funding Committee is required in regard to this funding request.

25 Mock-up of Tea-Towels and Brief History

Black and white image/s on natural cotton background – Final image/s yet to be finalised.

Not for the tea-towel, however below please find a brief history of Glen Murray.

Settlers first arrived in Glen Murray in 1889. The earliest diaries of William Murray, which started in 1901 make references to riding a horse to collect the mail or driving a two horse team wagon for supplies from the Glen Murray Landing. Everything that the Glen Murray residents required came up the Opuatia Stream and was unloaded into the store shed. Barges also transported fencing wire, fertilizer and bulk goods, taking wool to mercer on return trips. It was the community hub, people swapped stories, news, farm prices & had their horses shod there. The current Glen Murray Hall was built in 1951-52.

Dates, images and information are factual taken from the book "Glen Murray Incredible Pioneers" by Ernie Alexander.

### **REVIEW REPORT**

### FOR THE YEAR ENDED 31 MAY 2021

To the readers of the Financial Reports for the PWRARA INC, I have reviewed the Financial Reports for the year ended 31<sup>ST</sup> May 2021. It is my responsibility as Reviewer to express an opinion on the Financial Reports as presented by the Administrator, and report my opinion to you.

I have conducted my Review in accordance with generally accepted Review Standards within New Zealand. With the exception that my work was limited (as explained below), I have obtained all the information necessary in order to provide me with sufficient evidence to give reasonable assurance that the Financial Reports are free from material misstatement, whether by fraud or error.

In forming my opinion I also evaluated the overall adequacy of the presentation of the information in the Financial Reports.

Other than in my capacity as Reviewer I am a rate payer at Port Waikato and a keen reader of the Port Report.

#### **QUALIFIED OPINION**

I was able to get all the information that a Reviewer usually requires, with the following (usual) exceptions -As with any entity of this type, that has material amounts of cash, I was unable to obtain sufficient evidence to substantiate that amounts reported as

Port Report Sales, Subscriptions and Donations are correct.

In my professional opinion, except for adjustments that might be found necessary had I been able to obtain sufficient evidence concerning Cash Deposits, the Financial Reports fairly reflect the results of Operations and Cash Flows for the year ended 31 May 2021, and of the Financial Position as at 31 May 2021.

#### MANAGEMENT REPORT

## FOR THE YEAR ENDED 31 MAY 2021

The books and records continue to be well maintained, the meetings regular and well minuted. Clearly there is a dedicated group of people involved. The Association performs extremely well in this area.

Recommendations

Keep up the good work, maintain your systems.

#### IN SUMMARY

To The Onewhero- Tuakau Community Board

The Port Waikato Resident and Ratepayers Association would like to apply for discretionary funding to help with the costs of producing 'The Port Report'

The Port Report is produced on a monthly basis – articles and content provided by local residents . It provides an avenue for advertising both local events and for local suppliers, services and community groups.

We also print regular submissions from the WDC, NZ Police – Tuakau, Port Waikato Fire Brigade, Sunset Beach Lifeguard Service, Civil Defence, Adult Literacy, Te Kohanga Primary School, Whare Oranga, Port Waikato Fishing Club and Erosion updates.

The Port Report is distributed to all paid up members of the Residents and Ratepayers Association – by either email , post – or hand delivered .

It is also emailed to Alan Sanson - Mayor, Carolyn Eyre, Jacqui Church, (WDC Councillors) The Onewhero-Tuakau Community Board, Community Waikato and the NZ Police – Tuakau.

We wish to apply for 900.00 – which is 50% of our production costs.

The Port Waikato Resident and Ratepayers Association is a not for profit organisation An Incorporated Society – and is not GST Registered.

Thank you for your consideration re funding for these activities.

### **REVIEW REPORT**

### FOR THE YEAR ENDED 31 MAY 2021

To the readers of the Financial Reports for the PWRARA INC, I have reviewed the Financial Reports for the year ended 31<sup>ST</sup> May 2021. It is my responsibility as Reviewer to express an opinion on the Financial Reports as presented by the Administrator, and report my opinion to you.

I have conducted my Review in accordance with generally accepted Review Standards within New Zealand. With the exception that my work was limited (as explained below), I have obtained all the information necessary in order to provide me with sufficient evidence to give reasonable assurance that the Financial Reports are free from material misstatement, whether by fraud or error.

In forming my opinion I also evaluated the overall adequacy of the presentation of the information in the Financial Reports.

Other than in my capacity as Reviewer I am a rate payer at Port Waikato and a keen reader of the Port Report.

#### **QUALIFIED OPINION**

I was able to get all the information that a Reviewer usually requires, with the following (usual) exceptions -As with any entity of this type, that has material amounts of cash, I was unable to obtain sufficient evidence to substantiate that amounts reported as

Port Report Sales, Subscriptions and Donations are correct.

In my professional opinion, except for adjustments that might be found necessary had I been able to obtain sufficient evidence concerning Cash Deposits, the Financial Reports fairly reflect the results of Operations and Cash Flows for the year ended 31 May 2021, and of the Financial Position as at 31 May 2021.

#### MANAGEMENT REPORT

## FOR THE YEAR ENDED 31 MAY 2021

#### IN SUMMARY

| Report Title             | Proposal for the Tuakau Centennial Swimming Pool<br>Entry Fee Subsidy for 2021-22 Season |

# I. EXECUTIVE SUMMARY

The purpose of this report is to provide information to the Onewhero-Tuakau Community Board (the Board) to enable a decision to be made on the extent to which the Board wishes to subsidise pool entry fees at the Tuakau Centennial Swimming Pool (the pool) for the 2021/22 season.

In the previous two seasons (2019/20 and 2020/21) the Board has subsidised pool entry and there was a significant enough uptake from the community and increase in patronage to show that the funding was worthwhile.

At the time of writing this report the 2021/2022 forecast revenue figures for the pool, from Belgravia, have not been sourced. An agreement will also need to be negotiated with Belgravia once the Board has indicated how they wish to proceed.

The Board needs to decide which funding mechanism they wish to apply for the coming season – three options are presented in this paper for discussion. It should be noted that the costs are estimated based on the 2020/21 season figures and these will need to be updated once revenue figures for 2021/2022 are obtained from Belgravia Leisure NZ (Belgravia). Once the exact figures are calculated a final recommendation will be presented to the Board.

- Option I Partial subsidy patron pay \$1 entry fee
- Option 2 Full subsidy
- Option 3 No subsidy fees remain as per the Fees and Charges Schedule 2021-2023

No option has been recommended at this stage but the expectation is that one will be agreed to at the meeting.

## 2. **RECOMMENDATION**

THAT the report from the General Manager Customer Support be received;

**AND THAT the Onewhero-Tuakau Community Board:** 

- a) supports Option X xxxx,
- b) member xxx contact Belgravia Leisure NZ to confirm their forecasted revenue from the Tuakau Centennial Swimming Pool for the 2021/2022 season and to seek their agreement to support the preferred subsidy option, and
- c) that a report be prepared for the Board's scheduled meeting of Monday, 22 November 2021 confirming the agreement for the 2021/2022 pool season.

## **3. BACKGROUND AND DISCUSSION**

New Zealand leisure management specialists, Belgravia Leisure NZ, are appointed by the Waikato District Council to operate its aquatic facilities including the Tuakau pool.

#### The 2019/2020 Season

The Board was concerned that there was a significant underutilisation of the community asset – the Centennial Swimming Pool Tuakau. They were looking at ways to make use of and encourage use of the asset.

In December 2019 they agreed to allocate funding to subsidise 50% of the entry fees to the pool (they had used the Ngaruawahia Community Board as a guide). This was put in place from the 24 December 2019. They agreed to an amount of \$2,500 which was based on estimates of previous use of the pool.

In January 2020 the Board considered a proposal to provide free entry to the Tuakau pool for the rest of the 2019/2020 season. They wanted to see if they could increase patronage and to encourage local children to use the safe environment of the pool to swim in rather than local rivers and waterfalls.

Over the season the use increased significantly with the community making use of the facility, particularly in the early evenings or after school. It became a place for the community to gather and socialise and for the children to play together. The outcome the Board was looking for was achieved.

The estimates were based on attendance prior to subsidy – for children this was approximately 10 - 20 per week (not including lane hire). In the week ending 29<sup>th</sup> December there were 33 adults and 61 children and, in the week, ending 26<sup>th</sup> January 2020 there were over 230 adults and over 700 children. Spectator numbers also increased.

The Board then needed to reassess the funding as the original \$2,500 was not enough to cover the entry fees for the whole season. The Board agreed to continue with the funding and Belgravia agreed to cap any additional funding at \$3,550, which was significantly less than the total cost of entry fees.

The total cost to the Board for the 2019/2020 season was \$6,958 which included GST of \$908

## The 2020/2021 Season

A report was presented to the Board in November 2021 offering options for entry fees to the pool in the 2020/21 season. It was resolved that a total of \$8,625 (including GST) would be paid to Belgravia to cover their forecasted income for the season. It was also resolved that a \$1 entry fee per person/per day would be charged, and that all money receipted by Belgravia from the entry fee (up to \$8,625) would be returned to the Board

An agreement was reached with Belgravia that the total amount to be charged was \$7,625 (incl. GST).

The subsidy proved to be a great success. Feedback received was overwhelmingly positive. The \$1 fee was not only reported to be a great price, but people were also grateful that is was subsidised and that their rates are being used for this. There were a lot of new users who had not been to the facility before and some that only became aware of it through the general chatter on social media. The income from total patronage for the 2020/2021 season equated to \$3,222 (incl. GST) which, offset against the \$7,625 resulted in the Board funding a total of \$4,403. Details of the patronage are in Table I below.

# 4. **OPTIONS AND ANALYSIS**

The data from the previous two seasons shows that there is much improved patronage of the pool with the subsidy from the Board. In the 2019/2020 season this came at a cost of \$6,958 (incl. GST) and in the 2020/2021 season a cost of \$4,403 (incl. GST).

The following options for the Board to consider are based on the forecasted revenue for Belgravia for last season. Before a final decision can be made updated figures from Belgravia will be required as will a discussion with Belgravia as to what they will support this upcoming season. This information will be sought before, and confirmed at, the November 2021 Board meeting.

<u>Option 1</u>: Continue with the \$1 entry fee with similar arrangements to last season. If the patronage can be increased the cost to the Board would decrease.

(Based on last year's cost estimates and patronage figures this option would cost approximately \$4,500).

<u>Option 2</u>: Full subsidy. This would require a negotiation with Belgravia but would be based on covering the forecast revenue and potentially covering increased operational costs should the patronage increase substantially. (Based on last year's forecast revenue this would cost the Board in the order of \$8,600).

<u>Option 3</u>: No subsidy. There would be no cost to the Board and the patrons would pay the fees and charges determined by Belgravia as advertised on the Council website.

## 5. CONCLUSION

Subsidy has been successful in the past two seasons in attracting greater patronage to the pool. Greater use of the facility by the community means the asset is better utilised, and opportunities are created for greater connection within the community, recreation and keeping children safe. The Board needs to decide what is a fair and equitable approach to subsidy should they wish to continue with a subsidy option.
