

## Have your say: Tamahere Reserve

Drop your completed form to any Waikato District Council office or email it to [Reserve.Planning@waidc.govt.nz](mailto:Reserve.Planning@waidc.govt.nz) by **16 February 2026**

Kia ora. In partnership with the Tamahere Community Committee, and the Tamahere Mangaone Restoration Trust, with input from the Matangi Community Committee and Waikato District Council we are **planning for the future of the Tamahere Reserve (the former 'Crawfords Quarry') on Tauwhare Road.**

Our goal is to gather your ideas on how we can enhance the existing site, its walking tracks, improve access and parking and add amenities so that this land has a purpose which the community wants to use. Your feedback is the most important part of this process and will guide our decisions.

From **16 January 2026** until **16 February 2026**, we're inviting the community to share their thoughts on how the Tamahere Reserve can be used to help shape how the reserve is improved and utilised in the years ahead.

**Note:** there will be a drop-in design session at the **Tamahere Community Centre** run by Boffa Miskell and Waikato District Council to discuss your early ideas within the first quarter of 2026. A date for this session yet to be confirmed.

We want to know what currently works well, and what upgrades or opportunities our communities think are important for the Tamahere Reserve to better reflect local needs.

Feedback gathered during this period will directly assist in developing the Concept Design for the reserve, being undertaken by Boffa Miskell, meaning the community's voice plays a key role in deciding what gets prioritised, where your rates investment goes and how our community reserve is upgraded for today's users and future generations.

### **The Current Reserve Layout and Network**

The Tamahere Reserve, currently has two key land forms:

- a large undulating open space at the top of the site, and
- a network of trails developed over the last 15 years.

We are proposing to formalise a use for the upper area and improve accessibility between the upper and lower portions of the site.

These upgrades will be based on YOUR feedback.

We have split the reserve into 3 zones:

Zone 1: The large open space (flat to undulating) at the top of the site

Zone 2: The transition/access space between Zone 1 and Zone 3

Zone 3: Existing trail network and boardwalks at the lower levels of the site.

*Diagram showing Tamahere Reserve extents and its internal zones, see key below.*

1. **We are considering enhancements for Zones 1, 2 and 3 of the reserve. Which of the following would be most valuable to you? (Please select your top 3)**

- ☐ **Improved vehicle access and parking** at the main entrance.
- ☐ A designated **off-leash dog exercise area** in Zone 1
- ☐ **Minor dog amenities** (e.g., waste bag dispensers, water stations, fencing) in Zone 1
- ☐ More extensive **native planting** and pest control in all 3 Zones
- ☐ **Upgrading existing boardwalks** for safety and longevity. Zone 2-3
- ☐ Additional **benches or picnic tables** along the tracks. Zone 1-3
- ☐ **Cultural heritage markers** or additional educational signage.
- ☐ A **trailhead map** and information board.

**2. Other more extensive options in Zone 1 could include** (please tick the options you think merit consideration):

- ☐ A **building** (say 200m<sup>2</sup>) to provide shelter from rain while visiting the Reserve, a toilet and spaces for use by any of the following.
- ☐ **Mens Shed** / Repair shop managed and run by volunteers from the community.
- ☐ **Community garden** as an education centre for volunteers to teach people how to garden and grow your own vegetables
- ☐ **Dog training facility** for dog owners to be taught how to manage their dog and an opportunity for dog socialisation in controlled conditions
