

## **Placemaking Project**

May 2017

Project Leader. Uenuku Hawira

Assisted by. OTCB

Site address... Cnr George st and Liverpool st (Council Land)

### **Project History**

The OTCB was approached to try and get a Placemaking project off the Ground by Lianne van dem Bemd. With discussion between the OTCB and Uenuku Hawira and after various site visits it was determined it would be great for the town to make an improvement to the main street entrance from the Northern end.

Uenuku presented some drawings with some various ideas related to carving a welcome to Tuakau sign to erect and some improvements in the garden area.

There will be further discussion with Tuakau Youth Centre and other community members to try and achieve a look and feel that all can relate to and have pride in.

### **Cost**

Total project cost as per attached quotes....

### **Other requirements**

1. Permission to build on the land
2. Exact Site plan location
3. Health and Safety requirements
- 4 . Determine if any issues with Underground cabling street reserve ( Exact Locations )
5. Availability of connection for lighting ( Could possibly come from Street Lighting Curcuit )
