**SUBJECT - TAMAHERE PARK LIGHTING**

Dear Steph Loughnan,

**DESCRIPTION**

We have the pleasure in offering you a quotation for the installation of a flood light to provide light for the workout area in the Tamahere park. After the site visit with WDC and community member Cushman & Wakefield proposal is to use the existing power supply and mount flood light to the pole in the common area approx. 10m from workout area. The LED fitting we have selected will provide 147lumens at 20m over 2m square area. Power supply will be controlled via existing daylight switch.

To access the pole technicians will use a EWP as pole is 5m high.

**SCOPE**

- Complete a site-specific safety plan SWMS for all tasks involved with the replacement
- Complete all required permits in accordance with the SWMS and WDC Property policies
- Cone and barrier work area
- Installation of light
- Commission and test
- Clean site and complete final inspections including ensure all debris, Remove all rubbish and materials
