Hi Norm,

Hope you are well.

I am trying to close some of outstanding matters on the Fill Area 5 (Overburden) application as the need for the OBDA is getting critical for the quarry.

Just following up on Kate's email below – did you engage the Tamainupo Rep?

Kind regards

Biance Schoeman

Hi Norm,

Did you ever speak with the Tamainupo Rep? apparently Council want us to liaise with them also, but wanted to check whether you have done so already or not. Where are their marae? Thanks.

Kind Regards,

Kia Ora Norm,

Sorry – didn't get this until this morning – from council planner:

I have heard from Kimai Huirama who would like to talk to Norm about the proposal. I have sent the AEE and plans (with a note that some details have changed through the consenting process).

Kia ora. Tamainupo have never been involved in Huntly Quarries.

I cant make it today. I have significant grants to process.

But let me know how you go today. The info becomes the baseline for us.

Kia Ora Norm,

WDC planner has contacted me to say they have sent notification to Tamainupo Hapu in regard to this application, as apparently their tribal boundary is near the Huntly Quarry site.

Is this correct/appropriate? Nicola Laurenson (WDC planner) has advised them that you are involved, so you may hear from someone.

Andrew Rumsby (our contaminants guy) and I are meeting Emma Cowan (WRC) on site tomorrow at 9am to take some water samples from the streams. We have asked for the tests to be urgently processed. Again, you are welcome to join us. :)
