PROJECT PURPOSE:

Support creating a pedestrian and cycle friendly town centre as identified in both the Waikato District Council Blueprint for Raglan and also in the 2020 Raglan Naturally Community Plan.

GOALS AND OBJECTIVES:

1. Encourage people to stop and enjoy the town centre.
2. Provide facilities to encourage people to utilise alternate transport modes, such as walking and cycling.
3. To enable better social interaction, giving people the opportunity to linger in the area and enjoy their food.
