Attach a Summary of water demand and conservation for property

### OFFICE USE ONLY:

Acceptance date: ..... Current Daily Restricted Amount: ..... Initials ..... Date .....

## Section 4: Important Information

### Temporary Connection

1. Water supply will not be connected by the Council until all relevant fees and charges have been paid.
2. This application is valid for 20 workings days from the confirmed written acceptance date by Council if unpaid after this time, and Council will deem as lapsed and cancel.
3. The connection, development contributions, and ongoing charges for water supply are listed in the Council's Schedule of Fees and Charges and can be viewed on [www.waikatodistrict.govt.nz](http://www.waikatodistrict.govt.nz).
4. An approved backflow preventer will be required for all industrial or commercial uses, for residential properties connected to storage tanks, properties in the restricted supply area, properties with fire sprinkler systems, and swimming pools.
5. Acceptance of the water supply signifies acceptance of the Council's conditions of the Water Supply Bylaw and regulations.

### Increase Water Allocation

1. The Flow restrictor cost and/or development contributions may be applicable and ongoing charges for water supply are listed in the Council's Schedule of Fees and Charges and can be viewed on [www.waikatodistrict.govt.nz](http://www.waikatodistrict.govt.nz).

### Water Demand

1. This should show the breakdown of the past 12 months water use
2. Why required additional water allocation
3. Plan for drought management
4. Water Conservation initiatives/processes currently in place
