Section 2: Application

I wish to request a flow restrictor removal for the above property for a maximum period of 4 months.

Date I would like the restrictor removed

Payment via:

Credit Card **Eftpos** **Cheque**

Internet Banking BNZ - Waikato District Council (02-0316-0246517-00)

I agree to the conditions below.

Signed (Owner) **Date:**

Section 3: Conditions

- Flow restrictor removal cost can be viewed on www.waikatodistrict.govt.nz or you may contact the Council for more information.
- All consumption through the meter is the owner's responsibility. This will be charged to the owner and is separate to the flow restrictor removal cost.
- The flow restrictor is removed to provide full flow water while a storage tank and pump equipment is installed on the property.
- The minimum capacity of tank required should be 22,000L or to provide 48 hours storage, whichever is greater.
- The flow restrictor will be installed at the end of the four month period, regardless of whether building on site has been completed.

Please return all documentation to:
