## **Glossary of terms**

Council	Waikato District Council
PDP	Proposed Waikato District Plan

## 1 Introduction

- 1.1 The subject matter of Hearing 12 was the submissions received by the Waikato District Council (Council) in relation to the provisions on the management of the Business Zone, Business Town Centre Zone and Business Tamahere Zone within the Proposed Waikato District Plan (PDP), now collectively referred to as the 'business zones' in this report. Hearing 12 specifically related to objectives, policies, land use activities, land use effects, building and subdivision within the business zones.
- 1.2 The purpose of the business zones is to provide the focus for commercial activities to be undertaken primarily in the towns and villages. The business zones also provide for a range of administrative, public transport, service, residential and civic roles.<sup>1</sup>
- 1.3 The Business Town Centre Zone is located in the centres of Raglan, Huntly, Ngaaruawaahia, Te Kauwhata, Pōkeno and Tuakau, with the Business Zone adjoining and surrounding those town centres. The Business Zone also applies to the commercial areas of the smaller towns and villages.<sup>2</sup>

## 2 Hearing arrangement

- 2.1 The hearing was held on Monday 17 February 2020 at Council's office at 15 Galileo Street, Ngaaruawaahia. All of the relevant information pertaining to this hearing (i.e., section 42A report, legal submissions and evidence) is contained on Council's website.
- 2.2 The Panel heard from the following parties on the business zone provisions of the PDP:

Council	Mr Alan Matheson (author of Section 42A Report on the provisions of the Business and Business Town Centre zones).
Lakeside Developments Limited	Mr Tom Morgan
The Surveying Company	Mr Shane Hartley
Hugh Green Limited	Mr Aaron Grey
Waka Kotahi NZ Transport Agency	Ms Tanya Running and Mr Mike Wood
Ports of Auckland Limited	Mr Mark Arbuthnot
Woolworths NZ Limited	Ms Kay Panther Knight
Kāinga Ora	Ms Alex Devine, Mr Daniel Sadlier, Mr Phil Stickney, Mr Cameron Wallace and Mr Phil Osborne

## 3 Overview of issues raised in Submissions

---

<sup>1</sup> Section 42A Report Hearing 9: Business and Business Town Centre Zones dated 18 December 2019, Paragraph 15.

<sup>2</sup> Ibid Paragraph 16.

- 3.1 In the section 42A report, Mr Alan Matheson set out the full list of submissions on the subject matter of the business zones. In brief, the key matters of relief sought by the submitters included:
- a) Clarification and differentiation of land use activities between the Business and Business Town Centre zones to give effect to the objectives and policies of each zone;
  - b) Deletion of references to character statements and design guidelines in policies and matters for discretion for restricted discretionary activities;
  - c) Addition of objectives, policies and rules which provide for emergency service facilities;
  - d) Amendments to policies and rules to provide for supermarkets in the Business Town Centre zone;
  - e) Amendments to the rule requiring residential development to be located above ground floor;
  - f) Providing for intensive residential development in the business zones;
  - g) Clarification of objectives, policies and rules with regard to reverse sensitivity;
  - h) Clarification of rules applying to imported fill and inclusion of protection of infrastructure;
  - i) Minor changes to land use effects and building effects standards (such as height, acoustic insulation) to enable development; and
  - j) Change of activity status from discretionary to restricted discretionary for non-compliance with land use effects and building effects standards.<sup>3</sup>

#### **4 Overview of submissions**

- 4.1 Mr Campbell Morgan presented planning evidence on behalf of Lakeside Developments Limited (LDL). LDL in their further submission supported changes sought by Kāinga Ora to policies and rules for residential activities above ground floor.<sup>4</sup> Mr Morgan supported this submission and considered that ground floor residential activity is appropriate within the Business Town Centre Zone in areas removed from the core retail frontage.<sup>5</sup>
- 4.2 Mr Morgan also supported the submission of Kāinga Ora to reduce the subdivision minimum site size from 225m<sup>2</sup> to 200m<sup>2</sup>.<sup>6</sup> Mr Morgan considered that this change would encourage the establishment of smaller scale retail and commercial activities. Furthermore, Mr Campbell considered this site size would produce a more effective subdivision pattern with 10m wide frontage and 20m depths.<sup>7</sup>
- 4.3 Mr Aaron Grey presented planning evidence on behalf of Hugh Green Limited. Mr Grey supported changes by the section 42A author in rebuttal evidence, namely amendments

<sup>4</sup> Submission Points: 749.7, 749.127, 749.136, and 749.145.

<sup>5</sup> Statement of Evidence of Mr Campbell on behalf of Lakeside Developments Limited, dated 22 January 2020, Paragraph 5.2.

to Policy 4.5.11 related to residential activities on upper floors, and amendments to Rule 18.1.2 to permitted offices at ground floor level where they are not subject to a verandah line.<sup>8</sup>

4.4 Mr Grey's evidence was focused on the following matters:<sup>9</sup>

- a) removal of 'retail activity' and 'commercial services' from the list of permitted activities in each zone, with reliance instead on 'commercial activity' to permit these. Mr Grey considered that the commercial activity definition already encompasses both retail and commercial services;<sup>10</sup>
- b) changes to Policy 4.5.10 to specify when large-scale activities may be appropriate in the Business Town Centre Zone;
- c) a restricted discretionary activity status for infringement of the tenancy area land-use effects standard;
- d) that a minimum tenancy area is not appropriate for villages with only the Business Zone. Mr Grey noted that small-scale activities would require resource consent as there is no adjoining Business Town Centre zoning in these villages;
- e) a restricted discretionary activity status for residential activities at ground floor with suitable matters of discretion; and
- f) providing for an entrance lobby, stairwell or lifts at ground floor for activities otherwise required to be above ground floor level in the Business Zone.

4.5 Ms Tanya Running presented planning evidence on behalf of Waka Kotahi NZ Transport Agency (Waka Kotahi). She stated in the hearing that poorly designed signage or multi-unit developments can negatively affect the safety of the network. Ms Running's evidence was focused on the following matters:

- a) inclusion of a matter of discretion in Rule 17.1.3 RD(a) and Rule 18.1.3 RD1(a) for the consideration of effects on the safety and efficiency of the land transport network;
- b) that signs be set back at least 15 metres from the boundary of a state highway; and
- c) that new buildings be set back 15 metres from a national route or regional arterial, and 25 metres from the designated boundary of the Waikato Expressway.

4.6 Mr Mark Arbuthnot presented planning evidence on behalf of Ports of Auckland Limited (POAL). Mr Arbuthnot stated in the hearing that POAL cannot reasonably internalise its effects. He said that POAL also has elevated noise; large lighting columns; 24-7 operations; and increased truck and rail movements. Despite holding all the necessary consents and complying with the standards of the Operative District Plan, POAL was concerned about complaints with respect to its lighting and effects generated from the stacking of containers.

<sup>8</sup> Summary Statement of Mr Grey on behalf of Hugh Green Limited, dated 12 February 2020, Paragraph 2.1.

<sup>9</sup> Ibid Section 4.

<sup>10</sup> Statement of Evidence of Mr Grey on behalf of Hugh Green Limited, dated 24 January 2020, Paragraphs 5.5 – 5.6.

- 4.7 Mr Arbuthnot's evidence was focused on the following matters:
- a) Inclusion of a matter of discretion regarding reverse sensitivity and the protection of noise sensitive activities from the effects of noise generated by industrial activities as in Rule 17.1.3 RD1 for multi-unit development; and
  - b) The imposition of no complaints covenants in favour of POAL in respect of activities that are sensitive to noise within the Horotiu Acoustic Area.
- 4.8 Ms Kay Panther Knight presented planning evidence on behalf of Woolworths New Zealand Limited (Woolworths). Ms Panther Knight's evidence focused on the following matters:
- a) Providing for supermarkets in the business zones, primarily the Business Town Centre Zone through amendments of the activity status;
  - b) Appropriateness of prescriptive urban design controls in business zones, as well as consideration of the appropriate activity status for new buildings;
  - c) An appropriate activity status for infringing land-use effects and land-use building standards and associated breadth of assessment of effects arising from those infringements; and
  - d) Inclusion of a definition for supermarkets in the PDP.
- 4.9 Mr Daniel Sadlier and Ms Alex Devine presented legal submissions on behalf of Kāinga Ora. Mr Phil Osborne also presented expert economic evidence, Mr Cameron Wallace presented expert urban design evidence and Mr Phil Stickney presented planning evidence.
- 4.10 Mr Sadlier's and Ms Devine's legal submissions focused on the following matters:
- a) Lack of alignment between higher level policy and lower order provisions and rules within the PDP; and
  - b) Existence or otherwise of scope for some appropriate changes to the provisions of the PDP.
- 4.11 Mr Osborne's economic evidence considered:
- a) The diminishing significance of centres within the district as a result of out-of-centre growth; and
  - b) Activities that would support the growth and sustainability of commercial business within centres.
- 4.12 Mr Wallace's urban design evidence considered:
- a) How ground floor residential activities have been addressed in the Business Town Centre Zone; and
  - b) Standards applying to multi-unit development in the business zones; and
  - c) The use and reference to design guidelines and character statements.
- 4.13 Mr Wallace's evidence concluded that the provisions of the PDP are unlikely to enable residential activities to occur in the business zones and in some instances, will actively

undermine positive urban design outcomes from occurring in and around the district's towns.<sup>11</sup>

- 4.14 Mr Stickney's planning evidence considered the strategic directions and objectives of the PDP. He identified a misalignment between these provisions which are forward-looking in the outcomes they seek, and the zone-specific policy framework and provisions which essentially seek retention of the status quo.<sup>12</sup>

#### **Tabled evidence and letters**

- 4.15 Mr Matt Allott tabled a letter and planning evidence on behalf of Ara Poutama Aotearoa the Department of Corrections. The letter set out support for the section 42A report recommendations with respect to the activity status for a community corrections activity in the Business Zone and Business Town Centre Zone.<sup>13</sup>
- 4.16 Ms Pam Butler tabled evidence on behalf of KiwiRail Holdings Limited. Ms Butler's evidence set out support for the section 42A report recommendations with respect to:
- a) Policy 4.5.31;
  - b) The earthworks rules (Rules 17.2.5.1 P1(a)(i), 18.2.4.1 P1(a)(i) and 19.2.4.1 P1(a)(i) and Rules 17.2.5.1 P1(a)(v), 18.2.4.1 P1(a)(v) and 19.2.4.1 P1(a)(iv));
  - c) The signs rules (Rules 17.2.7.2 and 18.2.7.2).
- 4.17 In addition to the above, Ms Butler noted points of disagreement with the section 42A report. She noted that KiwiRail sought to include a new rule in all zones with properties adjoining the railway corridor, including the Business and Business Town Centre zones, to require that all new or altered buildings be set back a minimum of 5 metres from the rail corridor boundary.<sup>14</sup> The section 42A report recommended rejecting this submission.
- 4.18 Mr Mark Tamura tabled at letter on behalf of the Waikato Regional Council (WRC). The letter set out support for the section 42A report recommendations with respect to policies 4.5.1 to 4.5.3, 4.5.4 and 4.5.13 as well as rules 18.1.3 and 19.1.2.<sup>15</sup>
- 4.19 Ms Nicola Rykers tabled evidence on behalf of Synlait Milk Limited. Ms Rykers' evidence set out support for POAL's submission point 578.84 to include a new matter of discretion to Rule 17.1.3 to enable consideration of reverse sensitivity effects on industrial activities from multi-unit development in the Business Zone.<sup>16</sup>
- 4.20 Mr Mark Tollemache tabled a letter on behalf of Havelock Village Limited (HVL). This set out support for section 42A report recommendations with respect to the minimum unit area standard and permitted activity rule 17.2.2 P1.<sup>17</sup>

<sup>13</sup> Letter from Matt Allott, regarding Ara Poutama Aotearoa (The Department of Corrections): Proposed Waikato District Plan – Letter to be Tabled at Hearing 9: Chapters 17 & 18, Business & Business Town Centre Zone, dated 12 February 2020.

<sup>15</sup> Letter from Mark Tamura on behalf of the Waikato Regional Council, regarding Hearing 9 – Business and Business Town Centre Zones - Support for s42A recommendations, dated 23 January 2020.

<sup>16</sup> Statement of Evidence of Nicola Rykers on behalf of Synlait Milk Limited, dated 27 January 2020, Paragraph 12.

<sup>17</sup> Letter from Mark Tollemache on behalf of Havelock Village Limited, dated 24 January 2020.

4.21 Ms Kahlia Thomas tabled a letter on behalf of the Oil Companies. The letter set out support for a number of the section 42A report recommendations. Ms Thomas recommended that the section 42A report recommendation for Rules 17.2.5.1 P1 and 18.2.4.1 P1 be rejected and that the rules be amended as follows:

P1 (a) Earthworks within a site must meet all of the following conditions:

(i) Earthworks must be located more than 1.5m from infrastructure including a public sewer, open drain, overland flow path or other public service pipe; ...

(v) ~~(iv)~~ Areas exposed by earthworks are re-vegetated to achieve 80% ground cover within 6 months of the ~~commencement~~ cessation of the earthworks, or finished with a hardstand surface;

4.22 Mr Matheson recommended accepting this amendment to Rules 17.2.5.1 P1 and 18.2.4.1 P1 in the section 42A rebuttal report.<sup>18</sup>

4.23 Ms Alec Duncan tabled a letter on behalf of Fire and Emergency New Zealand. The letter set out support for several section 42A report recommendations. In addition to this, Ms Duncan recommended that “and associated facilities” be added to Policy 4.5.2A as follows:<sup>19</sup>

4.5.2A Policy – Emergency services (a) Enable the on-going operation, use and redevelopment of existing and development of new emergency service activities and associated facilities.

4.24 Ms Alec Duncan also tabled a letter on behalf of the Ministry of Education. Ms Duncan noted that their submission on this chapter has not been addressed in the section 42A report. The Ministry sought a new policy to provide for educational facilities and change to Rule 18.1.5 for educational facilities, so that this is a restricted discretionary activity as opposed to a non-complying activity.

4.25 Ms Leigh Shaw tabled a letter on behalf of Brendon John and Denise Louise Strong. She set out support for several section 42A report recommendations. In addition to this, Ms Shaw recommended amendments to the daylight admission rules in both the Business Zone and Business Town Centre Zone to include a 45-degree control plane consistent with the Village Zone recommendations. Ms Shaw did not support changes to the building setback from waterbodies rule, noting that the setbacks proposed are not consistent with other zones and are more onerous than other plans, such as the Auckland Unitary Plan.<sup>20</sup>

4.26 Mr Matheson recommended accepting the amendment to Rule 17.3.2 daylight admission in the section 42A rebuttal report.<sup>21</sup> Mr Matheson did not support the inclusion of the 10-metre setback rule from the bank of a perennial or intermittent stream.<sup>22</sup>

<sup>22</sup> Ibid Paragraphs 67 to 68.

- 4.27 Mr Bevan Houlbrooke tabled a letter on behalf of Mr Greig Metcalfe. He set out support for the section 42A report recommendations and recommended additional refinements to the communal service court and signs rules (to make the signs rule consistent with other zones).<sup>23</sup>
- 4.28 Ms Pauline Whitney tabled a letter on behalf of Transpower New Zealand Limited (Transpower). Ms Whitney noted that in its further submission, Transpower opposed Council's submissions 697.223 and 697.301, where the relief sought was to essentially replicate the rules for subdivision within the National Grid Corridor that are in Chapter 14 of the PDP into Chapters 17 and 18. Ms Whitney stated that Transpower supports and prefers a standalone set of provisions within Chapter 14 for the reason it provides a coherent set of rules which submitters can refer to, noting that the planning maps clearly identify land that is subject to the National Grid provisions.<sup>24</sup>
- 4.29 Ms Karen Blair tabled a letter on behalf of Z Energy Limited. Ms Blair supported the recommended deletion of Policy 4.5.29 and change to Rule 18.3.5 regarding verandahs.<sup>25</sup>

## 5 Panel Decisions

- 5.1 It is noted that 558 separate submission points were considered in the comprehensive section 42A report and as a result a number of changes to the provisions were recommended by the section 42A author. Where we agree with the recommended changes, the matter is not revisited in this report.
- 5.2 Given the overlap between submitters on a number of outstanding issues before the Panel, the following sub-sections have been grouped by issues.

### Differences between the Business Zone and Business Town Centre

- 5.3 We asked questions during the hearing to understand key differences between the Business Zone and Business Town Centre Zone. These questions focused on whether there is any differentiation in the list of land-use activities and related standards. Council's section 42A author stated that the main difference between the zones is that the Business Town Centre has a more pedestrian focus whereas the Business Zone has a more commercial focus.
- 5.4 In response to submissions on this matter, the section 42A author recommended changes to further differentiate the two zones and give effect to the objectives and policies for the Business Zone. Namely, the section 42A author supported a minimum tenancy threshold of 500m<sup>2</sup> for commercial activities be included in the Business Zone. The section 42A author stated that there are no standards that support or implement that Policy 4.5.2(a)(ii).

---

<sup>23</sup> Letter from Bevan Houlbrooke on behalf of Greig Metcalfe, regarding Proposed Waikato District Plan – Stage 1 – Hearing 9 (Business and Business Town Centre Zone) Written Statement for Greig Metcalfe, dated 22 January 2020.

<sup>24</sup> Letter from Pauline Whitney on behalf of Transpower New Zealand Limited, regarding the Hearing on the Proposed Waikato District Plan, dated 14 January 2020.

<sup>25</sup> Letter from Karen Blair on behalf of Z Energy Limited, regarding : Proposed Waikato District Plan Hearing for Chapter 9 – Business and Business Town Centre Zones: Hearing Statement on Behalf Of Z Energy Limited, dated 9 January 2020.

- 5.5 We agree in principle with the inclusion of a minimum tenancy threshold and that it gives effect to the objectives and policies for the zone. However, we also agree with the evidence of Mr Grey that the inclusion of a 500m<sup>2</sup> threshold in the Business Zone would not permit commercial activities between 350m<sup>2</sup> and 500m<sup>2</sup> in any zone.<sup>26</sup> Given this, we amended the minimum tenancy threshold from 500m<sup>2</sup> to 350m<sup>2</sup>. We find that this change seeks to encourage larger scale commercial activities to locate in the Business Zone and focus smaller scale retail and commercial activities within an adjoining Business Town Centre zone.
- 5.6 However, Mr Grey's evidence noted that there are locations where the Business Zone is applied to smaller towns, which do not have an adjoining Business Town Centre zone. The recommended change would require resource consents to be obtained for small-scale commercial activities in these smaller towns.<sup>27</sup>
- 5.7 Given this issue, we consider it is not appropriate to:
- a) Apply a minimum tenancy threshold to smaller towns. These towns provide for the local community's social and economic needs and often include small-scale retail and commercial activities; and
  - b) Amend the zoning from Business Zone to Business Town Centre Zone, as the town centre provisions require resource consent for new buildings, whereas this is currently permitted by the Business Zone rules.
- 5.8 For the above reasons, we find that there is a gap in the hierarchy of business zones for the district, and we have decided to include a fourth business zone to address this issue. Given the scope of submissions, the new Local Centre Zone largely replicates the provisions of the Business Zone without the inclusion of a minimum tenancy rule.
- 5.9 In summary, the amendments to the business provisions include the following:
- a) Amended objectives and policies to include a new Local Centre Zone which enables commercial activities which primarily serve local convenience needs;
  - b) New zone provisions focused on small-scale retail and commercial activities and managing adverse effects on the environment, including effects on amenity; and
  - c) Spatial application of the Local Centre Zone, to the towns set out in **Attachment 1**. In these towns, their "town centre" will be identified with Local Centre Zone on the planning maps.

### Character statements

- 5.10 With respect to references to character statements, Mr Stickney on behalf of Kāinga Ora recommended replacement of cross references in policies and matters of discretion by a suite of detailed matters of discretion which capture key elements of the character statements. Mr Stickney stated that he does not consider:
- a) It appropriate that this level of detail be included at a policy level;

---

<sup>26</sup> Statement of Evidence of Mr Grey on behalf of Hugh Green Limited, dated 24 January 2020, Paragraph 5.13.

<sup>27</sup> Summary Statement of Mr Grey on behalf of Hugh Green Limited, dated 12 February 2020, Paragraph 4.2(b).

- b) That the character statements are not written in a manner that they can easily be considered in the context of a resource consent application; and
- c) That matters of discretion and assessment criteria should be capable of individual standing, rather than referencing other documents.<sup>28</sup>

5.11 In response to our questions on cross referencing the design guidance, Mr Matheson stated that the character statements reflect the views of the community and have been developed through a non-statutory process. Mr Matheson did consider however that the references could be amended to not be so directive.

5.12 We agree with the above reasons and accept Mr Stickney's evidence that references to character statements be deleted from both the policies and matters of discretion, and that key elements of the statements be expressed as matters of discretion instead. We accept the recommended changes by Mr Stickney, provided to us following the hearing.<sup>29</sup> We find that expressing the elements of character statements as matters of discretion is the most appropriate method to give effect to the policies given that resource consent for a restricted discretionary activity is required for new buildings in the Business Town Centre Zone.

5.13 Furthermore, we consider that the specific character clauses for each town should also be deleted. We find that it is not appropriate to include this level of detail at a policy level, and instead we have made amendments to include elements of the character statements as matters of discretion for new buildings.

5.14 Given the above, key amendments to the business provisions include:

- a) Deletion of references to the character statements and prescriptive character clauses in policies 4.5.14 to 4.5.19; and
- b) Replacement of references to the character statements with matters of discretion for Rules 17.1.3 RD1, 18.1.3 RD1 and 18.1.3 RD2.

## **Supermarkets**

5.15 Ms Kay Panther-Knight's evidence on behalf of Woolworths recommended amendments to the Business Town Centre Zone provisions to provide for supermarkets. Ms Panther-Knight's evidence stated that:

- a) Supermarkets function as focal points for local community developments and add economic and social value to centres; and
- b) That it is preferable that supermarkets are located in centres, as they anchor the centre and attract customers to the area, therefore also supporting the viability of other shops in the centre.<sup>30</sup>

5.16 The section 42A author considered the matter of providing for supermarkets as a permitted activity in the Business Town Centre Zone. The section 42A author accepted that supermarkets could be a suitable activity to be located in the Business Town Centre

<sup>29</sup> Supplementary Statement of Evidence of Mr Stickney on behalf of Kāinga Ora, dated 24 February 2020, Paragraph 5.2.

<sup>30</sup> Statement of Evidence of Ms Kay Panther Knight on behalf of Woolworths New Zealand Limited, dated 24 February 2020, Paragraph 4.3.

Zone, however, the design, layout, access and other aspects of the activity mean they should be assessed as to their suitability through a resource consent application process.<sup>31</sup>

- 5.17 We agree with the evidence of Ms Panther-Knight, and find that supermarkets differ from other large format retail activities in that supermarkets commonly locate in town centres. We further agree that there are a number of examples across the district. Given this, we consider that supermarkets should be differentiated from other large format retail.
- 5.18 We also agree with the evidence of Ms Panther-Knight that the supply of supermarkets is a function of demand, which is tied to population.<sup>32</sup> We find that the scale of a supermarket will be influenced by the size of town centre and its catchment. With respect to the matters raised by the section 42A author concerning effects arising from the design, layout and access to the supermarket, we note that resource consent for a restricted discretionary activity is required for new buildings in the Business Town Centre Zone, and that these matters are captured by the matters of discretion.
- 5.19 Given the reasons above, we have made the following amendments to the business zone provisions:
- a) To recognise the role of supermarkets in Policy 4.5.10; and
  - b) Provide for supermarkets as a permitted activity in the Business Town Centre Zone and exclude supermarkets from Rule 18.3.3 on gross leasable floor area.

### **Ground floor residential**

- 5.20 In terms of ground floor residential, Mr Stickney's evidence recommended that a finer grained approach be taken for residential activities within the Business Town Centre Zone. We note that, as notified, ground floor residential is a non-complying activity in the Business Town Centre Zone.
- 5.21 Mr Stickney was of the view that there is scope for the Business Town Centre Zone to accommodate mixed use and multi-unit development (including at ground floor level) within the zone, and still ensure that the primary retail streets are utilised for commercial activity at the ground floor level.<sup>33</sup> This view was supported by the economic evidence of Mr Osborne who stated that having a greater volume of higher density development (and therefore people) within centres represents a significantly better economic outcome for Council, developers, the community and the centres themselves.<sup>34</sup>
- 5.22 The section 42A author considered that the purpose of the Business Town Centre Zone is to provide for commercial and other business activities. Providing for residential activities as a permitted activity on the ground floor has the potential for the zone to be developed essentially as a residential zone, which is contrary to the purpose of the zone.<sup>35</sup>

<sup>32</sup> Statement of Evidence of Ms Kay Panther Knight on behalf of Woolworths New Zealand Limited, dated 24 February 2020, Paragraph 4.9(iv).

<sup>33</sup> Statement of Evidence of Mr Stickney on behalf of Kāinga Ora, dated 24 January 2020, Paragraph 6.3.

<sup>34</sup> Statement of Evidence of Mr Osborne on behalf of Kāinga Ora, dated 24 January 2020, Paragraph 8.20.

<sup>35</sup> Section 42A Report Hearing 9: Business and Business Town Centre Zones dated 18 December 2019, Paragraph 523.

- 5.23 We agree with the section 42A author that residential activities on the ground floor should not be provided for as a permitted activity across the Business Town Centre Zone. However, we find that the effects of residential activities on commercial and business activities are well understood and can be expressed as matters of discretion for consideration through a resource consent application.
- 5.24 Given this, we agree with and accept the evidence of Mr Stickney, Mr Osborne and Mr Grey. We have made the following amendments to the Business Town Centre Zone:
- a) Amend the activity status for ground floor residential across the zone from non-complying to restricted discretionary and include new matters of discretion which address effects on commercial activity and key retail frontages; and
  - b) Retain permitted activity status for residential activities above the ground floor, with the recommended activity specific condition for ground floor access lobbies.

### **No complaints covenants**

- 5.25 POAL sought the imposition of 'no complaints' covenants in favour of POAL for activities that are sensitive to noise within the Horotiu Acoustic Area. Mr Arbuthnot's evidence included examples of other plans where similar provisions had been included.
- 5.26 The section 42A author sought legal advice specifically on whether an activity status which can depend on agreement on another party. Ms Parham, Council's legal advisor, stated that the activity status must be clear from the plan provisions and not be dependent on the agreement of another party to determine whether or not an activity was permitted.<sup>36</sup> The section 42A author notes that in this instance, the proposed rule requires an affected party to enter into a covenant with POAL, but there is no requirement that POAL must agree to the covenant.<sup>37</sup>
- 5.27 We recognise the important economic benefits of POAL's operations, however, we agree with the evidence of the section 42 author and consider that if POAL is compliant with their resource consent conditions, or provisions of the plan, then there is no need for inclusion of provisions imposing covenants in favour of POAL in the PDP.

### **Setbacks**

- 5.28 Ms Running on behalf of Waka Kotahi recommended changes in her evidence to the setback rules so that new buildings must be further set back from State Highways.
- 5.29 The section 42A author did not agree with the inclusion of Waka Kotahi's recommended changes. The author then noted that the activities provided for in the zone where reverse sensitivity effects are likely to occur would be multi-unit and residential development. Both activities are required to comply with acoustic insulation treatment.<sup>38</sup>
- 5.30 We questioned Ms Running on whether a designation could achieve the same protection sought by Waka Kotahi. Ms Running agreed that a designation could be used to achieve this same outcome.

<sup>36</sup> Section 42A Report Rebuttal Evidence Hearing H9: Business and Business Town Centre Zones, dated 10 February 2020, Paragraph 78.

<sup>37</sup> Ibid.

<sup>38</sup> Section 42A Report Hearing 9: Business and Business Town Centre Zones dated 18 December 2019, Paragraph 658.

5.31 Given this, we do not accept the recommended changes set out in Ms Running's evidence. We consider that a Notice of Requirement is a more appropriate method for setting buildings back from a State Highway. We also note that a designation allows an acquisition process for land required for public works under the Public Works Act 1981.

### **Commercial Services and Retail Activities**

5.32 Mr Grey's evidence recommended the removal of retail activity and commercial services from the list of permitted activities in each zone. Mr Grey considered that the commercial activity definition already encompasses both retail and commercial services.<sup>39</sup>

5.33 We have set out the definitions for each below:

*Commercial activity: means any activity trading in goods, equipment or services. It includes any ancillary activity to the commercial activity (for example administrative or head offices).<sup>40</sup>*

*Commercial service: Means a business providing personal, property, financial, household, private or business services to the general public. It includes:*

- (a) authorised betting shops;*
- (b) copy and quick print services;*
- (c) financial and banking facilities;*
- (d) postal services;*
- (e) counter insurance services;*
- (f) dry cleaning and laundrette services;*
- (g) electrical goods repair services;*
- (h) footwear and leather goods repair services;*
- (i) hairdressing, beauty salons and barbers;*
- (j) internet and computer services;*
- (k) key cutting services;*
- (l) real estate agents and valuers;*
- (m) travel agencies, airline and entertainment booking services;*
- (n) optometrists;*
- (o) movie and game hire; and*

---

<sup>39</sup> Statement of Evidence of Mr Grey on behalf of Hugh Green Limited, dated 24 January 2020, Paragraphs 5.5 – 5.6.

<sup>40</sup> National Planning Standards.

(p) animal welfare and/or grooming services.<sup>41</sup>

*Retail activity: Means the sale or hire of goods or services or equipment directly to the public*<sup>42</sup>

5.34 We agree with the evidence of Mr Grey, that *commercial services* and *retail activity* are subsets of the commercial activity definition. These definitions are effectively nested, and we consider that the subset definitions should be removed from the land-use activity list where there is no differentiation of either activity specific conditions or standards applied.

5.35 Furthermore, to remain consistent with the National Planning Standards, we consider that the two definitions for *commercial services* and *retail activity* should be deleted and the National Planning Standards definition of *commercial activity* be included in the PDP.

### **Unit sizes**

5.36 We questioned the inclusion of minimum unit sizes in the PDP. Mr Stickney stated that Kāinga Ora had sought deletion of the minimum unit sizes in the Residential Zone, however had not specifically sought this same deletion in the business zones.

5.37 We have reduced the minimum unit sizes to 35m<sup>2</sup> for a studio unit and 45m<sup>2</sup> for a 1 or more bedroom unit. This same rule has been included in the Medium Density Residential zone, and it is considered that the change to minimum unit sizes is consequential in order to maintain consistency across the PDP.

### **Education facilities**

5.38 We accept that evidence of Ms Duncan that education facilities should be included in the activity table as a restricted discretionary activity in the Business Town Centre Zone as opposed to a non-complying activity (by way of not being specifically listed in the activity table). We have amended the PDP accordingly.

### **Subdivision within the National Grid**

5.39 We accept the evidence of Ms Whitney that the National Grid subdivision provisions should not be replicated in the Business Town Centre and Business zones. We note that as part of our exercise to amend the PDP into the National Planning Standards structure that this submission has been addressed by way of moving all the subdivision provisions into one district-wide section.

## **6 Conclusion**

6.1 The Panel accepts the section 42A report and the evidence filed by the submitters, collectively forming the section 32AA assessment informing this Decision.

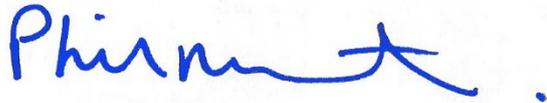

6.2 Overall, the Panel is satisfied that the business zone provisions as amended (in **Attachments 1-5**) will provide a suitable framework for managing commercial and residential use and development within centres and business areas across the district.

  - (v) Requiring acoustic insulation for dwellings within the Business COMZ – Commercial Zone, and Business TCZ – Town Centre Zone and LCZ – Local Centre Zone.

#### **4.5.36 Policy – Signage**

- (a) In the Business TCZ – Town Centre, LCZ – Local Centre Zone and Business COMZ – Commercial Zone provide for:
  - (i) The establishment of signs where they are associated with the activity carried out on the site on which they are located;
  - (ii) Public information signs that are of benefit to community well-being; and
  - (iii) Establishment of signage to support the commercial function and vibrancy of the zones with controls on the size, location, appearance and number of signs to ensure they do not detract from the visual amenity of the surrounding environment.

#### **4.5.37 Policy – Managing the adverse effects of signs**

- (a) In the Business TCZ – Town Centre, LCZ – Local Centre Zone and Business COMZ – Commercial Zone ensure that:
  - (i) ~~The location, colour, content, and appearance of signs directed at traffic~~ are or visible to road users is are controlled to ensure signs do not

- distract, confuse or obstruct motorists, pedestrians and other road users thereby adversely affecting the safety of road users;
- (ii) signs that generate adverse effects from illumination, light spill, flashing, movement or reflection are avoided; and
- (iii) the placement of signs do not obstruct the free movement of:
  - A. Pedestrians along the footpath;
  - B. Vehicle use of the road carriageway.

#### **4.5.38 Policy – Artificial outdoor lighting**

- (a) In the Business TCZ – Town Centre Zone, LCZ – Local Centre Zone and Business COMZ – Commercial Zone ensure that:
  - (i) Artificial outdoor lighting enables night time work, recreation activities, outdoor living, transport and security (including the role of lighting in supporting CPTED);
  - (ii) The intensity and direction of artificial lighting ~~avoids~~ is managed so that significant glare and light spill to adjacent sites is minimised; and
  - (iii) Artificial outdoor lighting is installed and operated so that light spill does not compromise the safe operation of the transport network.

#### **4.5.39 Policy – Outdoor storage**

- (a) The adverse visual effects of outdoor storage in the Business TCZ – Town Centre Zone, LCZ – Local Centre Zone and Business COMZ – Commercial Zone are mitigated through appropriate location, screening or landscaping.

#### **4.5.40 Policy – Objectionable odour**

- (a) Within the Business TCZ – Town Centre Zone, LCZ – Local Centre Zone and Business COMZ – Commercial Zone ensure that the adverse effects of objectionable odour from activities do not detract from the amenity of other sites.

#### **4.5.41 Policy - Earthworks**

- (a) ~~Ensure that the adverse effects of~~ Manage earthworks in the Business TCZ – Town Centre Zone, LCZ – Local Centre Zone and Business COMZ – Commercial Zone ~~on adjoining properties and water bodies,~~ are managed to minimise:
  - (i) the adverse effects ~~and~~ of sediment, ~~of~~ dust and stormwater runoff; and
  - (ii) adverse effects on heritage.

#### **4.5.42 Policy – Adjoining site amenity**

- (a) ~~Maintain amenity of adjoining properties by:~~
  - (i) ~~In the Business Zone:~~
    - A. ~~Requiring buildings to be setback from boundaries adjoining all zones except Industrial and Heavy Industrial Zoned land; and~~
  - (ii) ~~In the Business Town Centre Zones:~~
    - A. ~~Requiring the progressive reduction in the height of buildings the closer they are located to boundaries adjoining all zones except Industrial and Heavy Industrial zoned land.~~

#### **4.5.43 Objective - Emergency services**

Recognise the essential support role of emergency services training and management activities and their important contribution to the health, safety and wellbeing of people.

The following tracked change text has no legal status. Its sole purpose is to help submitters understand the Hearing Panel's changes to the notified provisions. Our formal decision, which is in the National Planning Standard format, can be found on the Waikato District Council website.

#### **4.5.44 Policy - Emergency services facilities and activities**

Enable the development, operation and maintenance of emergency services training and management facilities and activities within the business zones.

## Chapter 9: Specific Zones

### 9.4 Business Zone Tamahere

#### 9.4.1 Objective – Community hub

- (a) Development within the ~~Business Zone~~ Tamahere contributes to a community hub that is integrated, cohesive and sustainable.

##### 9.4.1.1 Policy - Development

- (a) Development within the ~~Business Zone~~ Tamahere:
- (i) Is carried out in accordance with the development plan;
  - (ii) Is integrated and connected to the Reserve OSZ - Open Space Zone and Village Green;
  - (iii) Is at a scale that achieves sustainable economic and environmental outcomes;
  - (iv) Provides for a compact and commercially vibrant neighbourhood centre consisting of a diverse range of small-scale retail activities; and
  - (v) Ensures subdivision takes into account any shared facilities that are managed under a communal management structure.

##### 9.4.1.2 Policy – Design guides

- ~~(a) Ensure new development is complementary to the Tamahere Village Design Guide, and in particular:~~
- ~~(i) Acknowledges local cultural and historic values;~~
  - ~~(ii) Achieves consistency of building scale, form, layout and design theme across the Tamahere Business Zone, Reserve Zone and Village Green;~~
  - ~~(iii) Promotes a village character;~~
  - ~~(iv) Provides amenity planting that minimises the adverse visual effects of hard structures, car parking areas, outdoor storage and servicing areas; and~~
  - ~~(v) Promotes vehicle and pedestrian safety.~~

##### 9.4.1.3 Policy – Subdivision

- (a) Subdivision of leasable units provides for the ongoing management and use of common facilities.

#### 9.4.2 Objective – Adverse effects of land use

- (a) The health, safety and well-being of people, communities and the environment are protected from the adverse effects of land use and development within the ~~Business Zone~~ Tamahere.

##### 9.4.2.1 Policy – Noise

- (a) Adverse effects of noise on sensitive land uses are minimised by:
- (i) Ensuring that the maximum sound levels are compatible with activities permitted in the BTZ - Business Tamahere Zone and the adjacent RLZ – Rural lifestyle Country Living Zone;
  - (ii) Limiting the timing and duration of noise-generating activities, including construction and demolition activities; and
  - (iii) Limiting the timing and duration of servicing and operation of commercial activities.

##### 9.4.2.2 Policy – Artificial outdoor lighting

- (a) Provide for artificial outdoor lighting to enable night time work, recreation activities, outdoor dining, transport and security.
- (b) Control the intensity and direction of artificial lighting to avoid significant glare and light spill on adjacent sites.
- (c) Ensure artificial outdoor lighting is installed and operated so that light spill does not compromise the safe operation of the transport network.

##### 9.4.2.3 Policy – Outdoor storage

- (a) The adverse visual effects of outdoor storage are managed through screening or landscaping.

#### **9.4.2.4 Policy – Signage**

- (a) Provide for the establishment of signs where they are directly associated with the activity carried out on the site on which they are located;
- (b) Recognise that public information signs provide a benefit to community well-being; and
- (c) Enable the establishment of signage to support the commercial function of the BTZ - Business Zone-Tamahere zone with controls on the size, location, appearance and number of signs to ensure they do not detract from the visual amenity and character of the neighbourhood centre.

#### **9.4.2.5 Policy – Managing the adverse effects of signs**

- (a) The location, colour, content, and appearance of signs directed at traffic are controlled to ensure signs do not distract, confuse or obstruct motorists, pedestrians and other road users;
- (b) Enable signs in the BTZ - Business Zone-Tamahere zone that contribute to an efficient, attractive and vibrant neighbourhood centre;
- (c) Avoid signs that generate adverse effects from illumination, light spill, flashing or reflection; and
- (d) Ensure that the placement of signs do not obstruct the free movement of:
- (a) pedestrians along the footpath; and
  - (b) vehicle use of the road carriageway.

#### **9.4.2.6 Policy – Managing the adverse effects of activities**

- (a) Avoid activities such as large scale retail and drive through services that will detract from the character and amenity of a small scale neighbourhood centre;
- (b) Avoid residential activities, travellers' accommodation and overnight health care facilities given the physical constraints of the land area available for effective wastewater disposal.

#### **9.4.2.7 Policy – Managing effluent disposal**

- (a) Any effluent disposal system in the Business Zone Tamahere shall be designed, installed and managed to:
- (i) provide a means of treating and disposing of sanitary wastewater to ensure that there is no detectable increase in effluent discharge across the boundary of the site, except where a cross boundary effluent disposal system is agreed between the owner/s of land within the Business Zone Tamahere and Waikato District Council;
    - A. reflect the nature of the site conditions and constraints associated with the property and building development, demonstrating that the soil and ground water conditions have been considered in the design;
    - B. meet the Australian/New Zealand Standard for Onsite Domestic Wastewater Management AS/NZS 1547:2012; and
    - C. demonstrate that ground water and surface water quality is not degraded as a result of the discharge or in combination with other discharges.

## Attachment 3: Changes to Chapter 18: Business TCZ – Town Centre Zzone rules

- (1) The rules that apply to activities in the Business-TCZ – Town Centre Zzone are contained in Rule 18.1 Land Use – Activities, Rule 18.2 Land Use – Effects and Rule 18.3 Land Use – Building.
- (2) The rules that apply to subdivision in the Business-TCZ – Town Centre Zzone are contained in Rule 18.4 and the relevant rules in 14 Infrastructure and Energy and 15 Natural Hazards and Climate Change (Placeholder).
- (3) The activity status tables and standards in the following chapters also apply to activities in the Business TCZ – Town Centre Zzone:  
 14 Infrastructure and Energy;  
15 Natural Hazards and Climate Change (Placeholder).
- (4) The following symbols are used in the tables:
  - (a) PR Prohibited activity
  - (b) P Permitted activity
  - (c) C Controlled activity
  - (d) RD Restricted discretionary activity
  - (e) D Discretionary activity
  - (f) NC Non-complying activity.

### 18.1 Land Use – Activities

#### 18.1.1 Prohibited Activities

- (i) The following activity is a prohibited activity. No application for resource consent for a prohibited activity can be made and resource consent must not be granted.

PR I	Any building, structure, objects or vegetation that obscure the sight line of the Raglan navigation beacons for vessels entering Whaingaroa (Raglan Harbour) (refer to Appendix 8).
------	---

#### 18.1.2 Permitted Activities

- (a) The following activities listed below are permitted activities if they meet all of the following:
  - (i) Activity-specific standards;
  - (ii) Land Use – Effects rules in Rule 18.2 (unless the activity-specific rule and/or activity-specific conditions standards identifies a condition standard(s) that does not apply); and
  - (iii) Land Use – Building rules in Rule 18.3 (unless the activity-specific rule and/or activity-specific conditions standards identifies a condition standard(s) that does not apply).
  - ~~(iv) Activity-specific conditions~~

### 18.1.3 Discretionary Activities

(I) The activities listed below are discretionary activities.

D1	<u>Any permitted activity that does not comply with one or more of the activity-specific conditions standards for a permitted activity (Rule 18.1.2) unless a lesser activity status under Land Use – Effects Rule 18.2 or Land Use – Building Rule 18.3 applies.</u>
D2	<u>Any multi-unit development that does not comply with (Rule 18.1.3) unless a stricter activity status applies under Rule 18.1.5.</u>
D3	<u>Emergency service facilities.</u>
D4	<u>Any activity that is not listed as Prohibited, Permitted, Restricted Discretionary, Discretionary or Non-Complying.</u>

### 18.1.5 Non-Complying Activities

(I) The activities below are non-complying activities.

NC1	<u>Construction of a building located on an indicative road.</u>
NC2	<u>Residential activity on the ground floor.</u>
NC3	<u>A multi-unit development located on the ground floor.</u>

NC4	Any activity that is not listed as Prohibited, Permitted, Restricted Discretionary or Discretionary.

RDI	<p>(a) Boundary adjustment that does not comply with Rule 18.4.3 CI.</p> <p>(b) <u>The Council's discretion shall be restricted to the following matters:</u></p> <p>(i) <u>Subdivision layout;</u></p> <p>(ii) <u>Shape of title and variation in title size.</u></p>

#### 18.4.4 Subdivision - Amendments and updates to cross lease or flats plans

CI	<p>(a) An amendment or update to a cross lease or flats plan where:</p> <p>(i) The purpose is to convert a cross lease or flats plan to a fee simple title; and</p> <p>(ii) <del>The An</del> amendment or update <del>must identify</del> <u>for</u> additions or alterations to buildings, accessory buildings and areas for exclusive use by an owner or owners.</p> <p>(b) The Council's control is limited to the following matters:</p> <p>(i) Purpose of the amendment or update to cross lease or flats plan;</p> <p>(ii) Effects on existing buildings;</p> <p>(iii) Site layout and design of cross lease or flats plan;</p> <p>(iv) Compliance with permitted building rules where the amendment is to convert a cross lease title to fee simple.</p>
DI	Any amendment or update to a cross lease flats plan that does not comply with Rule 18.4.4 CI.

#### 18.4.5 Subdivision - Title boundaries – Maaori Sites and Maaori Areas of significance to Maaori

The provisions notified under this heading are addressed in Decision Report 7: Maaori Sites and Areas of Significance

#### 18.4.6 Subdivision - land containing heritage items

The provisions notified under this heading are addressed in Decision Report 8: Historic Heritage

#### 18.4.7 Subdivision - Esplanade reserves and esplanade strips

RDI	<p>(a) <del>Subdivision must create an</del> <u>An</u> esplanade reserve or <u>esplanade</u> strip 20m wide (or such other width stated in Appendix 4 (Esplanade Priority Areas) <u>is required to be created and vested in Council from every subdivision where the land being subdivided is proposed lot:</u></p> <ul style="list-style-type: none"> <li>(i) Less than 4ha and within 20m of any: <ul style="list-style-type: none"> <li>A. mean high water springs;</li> <li>B. the bank of any river whose bed has an average width of 3m or more; C. a lake whose bed has an area of 8ha or more;</li> </ul> </li> <li>(ii) 4ha or more <del>and</del> <u>and located</u> within 20m of any: <ul style="list-style-type: none"> <li>A. mean high water springs; <u>or</u></li> <li>B. water body identified in Appendix 4 (Esplanade Priority Areas).</li> </ul> </li> </ul> <p>(b) The Council's discretion shall be limited to the following matters:</p> <ul style="list-style-type: none"> <li>(i) The type of esplanade provided - reserve or strip;</li> <li>(ii) Width of the esplanade reserve or strip;</li> <li>(iii) Provision of legal access to the esplanade reserve or strip;</li> <li>(iv) Matters provided for in an instrument creating an esplanade strip or access strip;</li> <li>(v) Works required prior to vesting any reserve in the Council, including pest plant control, boundary fencing and the removal of structures and debris;</li> <li>(vi) Costs and benefits of acquiring the land.</li> </ul>
DI	Subdivision that does not comply with Rule 18.4.7 RDI.

## Chapter XX: LCZ – Local Centre Zone rules

- (1) The rules that apply to activities in the LCZ – Local centre zone are contained in Rule XX.1 Land Use – Activities, Rule XX.2 Land Use – Effects and Rule XX.3 Land Use – Building.
- (2) The rules that apply to subdivision in the LCZ – Local centre zone are contained in Rule XX.4 and the relevant rules in 14 Infrastructure and Energy, and 15 Natural Hazards and Climate Change (Placeholder).
- (3) The activity status tables and standards in the following chapters also apply to activities in the LCZ – Local Centre Zone:
  - 14 Infrastructure and Energy;
  - 15 Natural Hazards and Climate Change (Placeholder).
- (4) The following symbols are used in the tables: (a)
  - PR Prohibited activity
  - (b) P Permitted activity
  - (c) C Controlled activity
  - (d) RD Restricted discretionary activity
  - (e) D Discretionary activity
  - (f) NC Non-complying activity.

### XX.1.2 Permitted Activities

- (1) The activities listed below are permitted activities if they meet all of the following:
  - (a) Activity- specific standards;
  - (b) Land Use – Effects rules in Rule XX.2 (unless the activity-specific rule and/or standards identifies a standard(s) that does not apply); and
  - (c) Land Use – Building rules in Rule XX.3 (unless the activity-specific rule and/or standards identifies a standard(s) that does not apply).

**XX.1.3 Discretionary Activities**

The following tracked change text has no legal status. Its sole purpose is to help submitters understand the Hearing Panel's changes to the notified provisions. Our formal decision, which is in the National Planning Standard format, can be found on the Waikato District Council website.

(1) The activities listed below are discretionary activities.

D1	Any permitted activity that does not comply with one or more of the Land Use – Effects or Land Use – Building rules, unless specified in Rule <del>XX.2</del> or <del>XX.3</del> .
D2	Any permitted activity that does not comply with one or more of the activity-specific standards in Rule <del>XX.1.2</del> .
D3	Any multi-unit development that does not comply with one or more standards for a restricted discretionary activity under Rule <del>XX.1.3 RDI</del> .
D4	Any activity that is not listed as Prohibited, Permitted, Restricted Discretionary, Discretionary or Non-Complying.

## ~~XX.2~~ Land Use – Effects

(1) Rule ~~XX.2.1.1~~ Noise – General provides permitted noise levels in the LCZ – Local centre zone.

(2) Rule ~~XX.2.1.2~~ Noise – Construction provides the noise limits for construction activities.

### ~~XX.2.1.1~~ Noise – General

P1	Noise generated by emergency generators and emergency sirens.
P2	<p>(b) Noise measured within any:</p> <p>(i) In the LCZ – Local centre zone must not exceed:</p> <p>A. <del>65dB L<sub>Aeq</sub> (15min) (L<sub>Aeq</sub>)</del>, 7am to 11pm every day; and</p> <p>B. <del>55dB L<sub>Aeq</sub> (15min) (L<sub>Aeq</sub>)</del>; 11pm to 7am the following day; and</p> <p>C. <del>85dB L<sub>Amax</sub> (L<sub>Amax</sub>)</del>, 11pm to 7am the following day; or</p> <p>(ii) In the GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone and SETZ - Settlement Zone must not exceed:</p> <p>A. <del>55dB L<sub>Aeq</sub> (15min) (L<sub>Aeq</sub>)</del>, 7am to 7pm; and</p> <p>B. <del>50dB L<sub>Aeq</sub> (15min) (L<sub>Aeq</sub>)</del>, 7pm to 10pm; and</p> <p>C. <del>40dB L<sub>Aeq</sub> (15min) (L<sub>Aeq</sub>)</del>, 10pm to 7am the following day; and</p> <p>D. <del>65dB L<sub>Amax</sub> (L<sub>Amax</sub>)</del>, 10pm to 7am the following day.</p> <p>(c) Noise measured within any site in any zone other than the LCZ – Local centre zone, GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone or SETZ - Settlement Zone must meet the permitted noise levels for that zone.</p> <p>(d) Noise levels must be measured in accordance with the requirements of NZS 6801:2008 Acoustics - Measurement of Environmental Sound.</p> <p>(e) Noise levels must be assessed in accordance with the requirements of NZS 6802:2008 Acoustics - Environmental.</p>
D1	Noise that does not comply with Rule <del>XX.2.1.1</del> P2.

### ~~XX.2.1.2~~ Noise – Construction

P1	<p>(a) Construction noise must <del>meet</del>–not exceed the limits in NZS 6803:1999 Acoustics – Construction Noise; and</p> <p>(b) Construction noise must be measured and assessed in accordance with the requirements of NZS6803:1999 Acoustics – Construction Noise.</p>
P2	<p>(a) Construction noise that does not comply with Rule <del>XX.2.1.2</del> P1.</p> <p>(b) The Council's discretion is limited to the following matters:</p> <p>(i) Effects on amenity values;</p> <p>(ii) Hours of construction;</p> <p>(iii) Noise levels;</p> <p>(iv) Timing and duration;</p> <p>(v) Methods of construction.</p>

### **XX.2.2 Servicing and hours of operation**

PI	(a) <u>The loading and unloading of vehicles and the receiving of customers and deliveries associated with a commercial activity on a site adjoining the GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone or SETZ - Settlement Zone must only occur between 6.00am and 8.00pm.</u>
RDI	(a) <u>Servicing and operation of a commercial activity that does not comply with Rule XX.2.2 PI.</u> (b) <u>The Council's discretion is limited to the following matters:</u> (i) <u>Effects on amenity values on adjoining sites within the GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone or SETZ - Settlement Zone;</u> (ii) <u>Timing, duration and frequency of adverse effects;</u> (iii) <u>Location of activity in relation to zone boundary;</u> (iv) <u>Location of activity in relation to residential units on adjoining sites;</u> (v) <u>The means to avoid, remedy or mitigate adverse effects on adjoining sites.</u>

### **XX.2.3 Onsite parking areas - Landscaping**

PI	(a) <u>Onsite car parking area for 5 or more parking spaces located adjoining a road, must comply with the following standards:</u> (i) <u>The car parking area must be separated from the road by a 1.5m wide planting strip, with the exception of vehicle access points;</u> (ii) <u>Plants within the planting and pedestrian strip must be maintained to a height no greater than 1 metre.</u>
RDI	(a) <u>Onsite parking areas that do not comply with Rule XX.2.3 PI.</u> (b) <u>Council's discretion is limited to the following matters:</u> (i) <u>Design and location of the parking area and landscaping strip; and</u> (ii) <u>Effects on streetscape amenity.</u>

### **XX.2.4 Glare and artificial light spill**

PI	<u>Illumination from glare and artificial light spill must not exceed 10 lux measured horizontally and vertically at any site zoned GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone, SETZ - Settlement Zone or RLZ – Rural Lifestyle Zone.</u>
RDI	(a) <u>Glare and artificial light spill that does not comply with Rule XX.2.4 PI.</u> (b) <u>The Council's discretion shall be limited to the following matters:</u> (i) <u>Effects on amenity values;</u> (ii) <u>Light spill levels on other sites;</u> (iii) <u>Road safety;</u> (iv) <u>Duration and frequency;</u> (v) <u>Location and orientation of the light source;</u> (vi) <u>Mitigation measures.</u>

### **XX.2.5 Earthworks**

- (1) Rules XX.2.5.1 – Earthworks - General provides the permitted rules for earthworks activities for the LCZ – Local centre zone. This rule does not apply in those areas specified in Rules XX.2.5.1A, XX.2.5.2 and XX.2.5.3.
- (2) Specific standards for earthworks are within rules:
  - (a) Rule XX.2.5.2 – Maaori Sites and Maaori Areas of Significance
  - (b) Rule XX.2.5.3 – Significant Natural Areas
  - (c) Rule XX.2.5.4 – Landscape and Natural Character Areas.

### 17.1.3 Discretionary Activities

(1) The activities listed below are discretionary activities.

D1	Any <u>permitted</u> activity that does not comply with <u>one or more of the Land Use – Effects or Land Use – Building rules, unless specified in Rule 17.2 or 17.3–applies.</u>
D2	Any <u>permitted</u> activity that does not comply with <u>one or more of the activity-specific conditions standards for a permitted activity under in Rule 17.1.2.</u>
D3	Any multi-unit development that does not comply with <u>one or more conditions standards for a restricted discretionary activity under Rule 17.1.3 RDI.</u>
D4	<u>Any activity that is not listed as Prohibited, Permitted, Restricted Discretionary, Discretionary or Non-Complying.</u>

### 17.1.5 Non-Complying Activities

(1) The activities below are non-complying activities.

NC1	<u>Multi-unit development that does not comply with a condition for a restricted discretionary activity under Rule 17.1.3(a)(iii).</u>
NC2	<u>Residential activity that does not comply with an activity-specific condition for a permitted activity under Rule 17.1.2 P4.</u>
NC4	<u>Any activity that is not listed as Prohibited, Permitted, Restricted Discretionary or Discretionary.</u>
NC5	<u>Buildings, structures and sensitive land use within the National Grid Yard as of 18 July 2018 that do not comply with Rule 17.1.2 P22</u>
NC6	<u>Any new building for a sensitive land use, or addition to an existing building that involves an increase in the building envelope or height for a sensitive land use, within the National Grid Yard</u>
NC7	<u>Any change of use of an existing building to a sensitive land use within the National Grid Yard</u>
NC8	<u>The establishment of any new sensitive land use within the National Grid Yard</u>
NC9	<u>Dairy/milking sheds (excluding accessory structures and buildings), commercial greenhouses, Pseudomonas syringae pv. Actinidiae (Psa) disease control structures, or buildings for intensive farming within the National Grid Yard</u>

## 17.2 Land Use – Effects

(1) ~~Rules 17.2.1.1 and 17.2.1.2 provide the permitted noise levels for noise generated by land use activities.~~

(2) Rule 17.2.1.1 Noise – General provides permitted noise levels in the COMZ – Commercial zone~~Business zone.~~

(3) Rule 17.2.1.2 Noise – Construction provides the noise limits for construction activities.

### 17.2.1.1 Noise – General

P1	Noise generated by emergency generators and emergency sirens.
P2	<p>(a) Noise measured within any</p> <p>(i) In the <u>COMZ – Commercial zone</u><del>Business zone</del> must not exceed:</p> <p>A. 65dB <u><math>L_{Aeq}(15min)</math></u> (<del><math>L_{Aeq}</math></del>), 7am to 11pm every day; and</p> <p>B. 55dB <u><math>L_{Aeq}(15min)</math></u> (<del><math>L_{Aeq}</math></del>); 11pm to 7am the following day; and</p>

P3	<del>Noise measured within any site in any zone other than the Business Zone, Residential Zone or Village Zone must meet the permitted noise levels for that zone.</del>
P4	<p>(a) <del>Noise levels must be measured in accordance with the requirements of NZS 6801:2008 Acoustics</del></p> <p>(b) <del>Noise levels must be assessed in accordance with the requirements of NZS 6802:2008 Acoustics</del></p>
DI	<del>Noise that does not comply with Rules 17.2.1.1 P2, P3 or P4.</del>

### 17.2.1.2 Noise – Construction

P1	<p>(a) <del>Construction noise must meet</del> <u>not exceed</u> the limits in NZS 6803:1999 Acoustics – Construction Noise; and</p> <p>(b) Construction noise must be measured and assessed in accordance with the requirements of NZS6803:1999 Acoustics – Construction Noise.</p>
P2	<p>(a) Construction noise that does not comply with Rule 17.2.1.2 P1.</p> <p>(b) The Council's discretion is limited to the following matters:</p> <p>(i) Effects on amenity values;</p> <p>(ii) Hours of construction;</p> <p>(iii) Noise levels;</p> <p>(iv) Timing and duration;</p> <p>(v) Methods of construction.</p>

### 17.2.2 Servicing and hours of operation

P1	<p>(a) The loading and unloading of vehicles and the receiving of customers and deliveries associated with a commercial activity on a site adjoining the <u>GRZ - General Residential Zone, MRZ – Medium Density Residential Zone, LLRZ – Large Lot Residential Zone or SETZ - Settlement and Village Zones</u> <del>may</del> <u>must only</u> occur between <u>6.30-6.00am and 7.30-8.00pm</u>.</p>
RDI	<p>(a) Servicing and operation of a commercial activity that does not comply with Rule 17.2.2 P1.</p> <p>(b) The Council's discretion is limited to the following matters:</p> <p>(i) Effects on amenity values on adjoining sites within the <u>GRZ - General Residential Zone, MRZ – Medium Density Residential Zone, LLRZ – Large Lot Residential Zone or SETZ - Settlement and Village Zone</u>;</p> <p>(ii) Timing, duration and frequency of adverse effects;</p> <p>(iii) Location of activity in relation to zone boundary;</p> <p>(iv) Location of activity in relation to <del>dwellings</del> <u>residential units</u> on adjoining sites;</p> <p>(v) The means to avoid, remedy or mitigate adverse effects on adjoining sites.</p>

### 17.2.3 Onsite parking areas - Landscaping

PI	(a) Onsite car parking area for 5 or more parking spaces located adjoining a road, must comply with the following <del>conditions</del> <u>standards</u> : (i) The car parking area must be separated from the road by a 1.5m wide planting strip, with the exception of vehicle access points; (ii) Plants within the planting and pedestrian strip must be maintained to a height no greater than 1 metre.
RDI	(a) Onsite parking areas that do not comply with Rule 17.2.3 PI. (b) <u>Council's discretion is limited to the following matters</u> : (i) <u>Design and location of the parking area and landscaping strip; and</u> (ii) <u>Effects on streetscape amenity.</u>

#### 17.2.4 Glare and artificial light spill

PI	<u>Illumination from g</u> Glare and artificial light spill <del>shall</del> <u>must</u> not exceed 10 lux measured horizontally and vertically at <del>any point within any other site</del> <u>zoned GRZ - General Residential, MRZ – Medium Density Residential Zone, LLRZ – Large Lot Residential Zone, SETZ - Settlement Zone or RLZ – Rural Lifestyle Zone.</u>
RDI	(a) Glare and artificial light spill that does not comply with Rule 17.2.4 PI. (b) The Council's discretion shall be limited to the following matters: (i) Effects on amenity values; (ii) Light spill levels on other sites; (iii) Road safety; (iv) Duration and frequency; (v) Location and orientation of the light source; (vi) Mitigation measures.

#### 17.2.5 Earthworks

- (1) Rules 17.2.5.1 – Earthworks - General provides the permitted rules for earthworks activities for the COMZ – Commercial zone~~Business zone~~. This rule does not apply in those areas specified in Rules 17.2.5.1A, 17.2.5.2 and 17.2.5.3.
- (2) Specific standards for earthworks are within rules:
  - (a) Rule 17.2.5.2 – Maaori Sites and Maaori Areas of Significance
  - (b) Rule 17.2.5.3 – Significant Natural Areas
  - (c) Rule 17.2.5.4 – Landscape and Natural Character Areas.

##### 17.2.5.1 Earthworks – General

PI	(a) Earthworks within a site must meet <u>all of</u> the following <del>conditions</del> <u>standards</u> : (i) Be located more than 1.5m from <u>infrastructure including</u> a public sewer, open drain, overland flow path or other <u>public service pipe</u> ; (ii) Not exceed a volume of more than 250m <sup>3</sup> and an area of more than 1,000m <sup>2</sup> within a <u>site over any single consecutive 12 month period</u> ; (iii) The height of the resulting cut, filled areas or fill batter face in stable ground, <del>not including any surcharge</del> , does not exceed 1.5m, with a maximum slope of 1:2 (1 vertical to 2 horizontal); (iv) <u>Earthworks are set back at least 1.5m from all boundaries</u> ; (v) Areas exposed by earthworks are <u>stabilised to avoid runoff within 1 month and re-vegetated to achieve 80% ground cover within 6 months of the commencement</u> <del>cessation</del> of the earthworks <u>or finished with a hardstand surface</u> ; (vi) Sediment resulting from the earthworks is retained on the site through implementation and maintenance of erosion and sediment controls; (vii) Do not divert or change the nature of natural water flows, water bodies or established drainage paths.

## 19.2 Land Use - Effects

### 19.2.1 Noise

- (1) ~~Rules 19.2.1.1 and 19.2.1.2 provide the permitted noise levels for noise generated by land use activities.~~
- (2) Rule 19.2.1 Noise – General provides permitted noise limits in the Business Zone Tamahere.
- (3) Rule 19.2.1.2 Noise – Construction provides the noise limits for construction activities.

### 19.2.1.1 Noise – General

PI	Noise generated by <b>emergency generators</b> and emergency sirens.
P2	<p>(a) Noise measured within the <b>BTZ - Business Tamahere Zone Tamahere</b> must not exceed:</p> <ul style="list-style-type: none"> <li>(i) 65dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 7am to 11 pm every day; and</li> <li>(ii) 55dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 11 pm Friday to 1am Saturday; and</li> <li>(iii) 55dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 11 pm Saturday to 1am Sunday; and</li> <li>(iv) 45dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math> 1am to 7am every day, and</li> <li>(v) 75dB (<del><math>L_{Amax}</math></del>)<math>L_{Amax}</math>, 11 pm to 7am every day.</li> </ul> <p>(b) Noise measured at the <b>notional boundary</b> within any <b>site</b> in the <del>Country Living Zone RLZ – Rural lifestyle zone</del>, must not exceed:</p> <ul style="list-style-type: none"> <li>(i) 50dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 7am to 7pm every day;</li> <li>(ii) 45dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 7pm to 10pm every day; and</li> <li>(iii) 40dB (<del><math>L_{Aeq}</math></del>)<math>L_{Aeq(15min)}</math>, 10pm to 7am every day; and</li> <li>(iv) 65dB (<del><math>L_{Amax}</math></del>)<math>L_{Amax}</math>, 10pm to 7am every day.</li> </ul> <p>(c) Noise levels must be measured in accordance with the requirements of <b>NZS 6801:2008 'Acoustics Measurement of Environmental Sound'</b> and</p> <p>(d) Noise levels must be assessed in accordance with the requirements of <b>NZS 6802:2008 'Acoustic Environmental noise'</b>.</p>
P3	<p><del>(a) Noise measured at the <b>notional boundary</b> within any <b>site</b> in the <del>Country Living Zone RLZ – Rural lifestyle zone</del>, must not exceed:</del></p> <ul style="list-style-type: none"> <li><del>(v) 50dB (<math>L_{Aeq}</math>), 7am to 7pm every day;</del></li> <li><del>(vi) 45dB (<math>L_{Aeq}</math>), 7pm to 10pm every day; and</del></li> <li><del>(vii) 40dB (<math>L_{Aeq}</math>), and 65dB (<math>L_{Amax}</math>), 10pm to 7am every day.</del></li> </ul>
P4	<p><del>(a) Noise levels must be measured in accordance with the requirements of [REDACTED] and</del></p> <p><del>(b) Noise levels must be assessed in accordance with the requirements of [REDACTED].</del></p>
DI	Noise that does not comply with <b>Rule 19.2.1.1 P2, P3 or P4</b> .

### 19.2.1.2 Construction noise

PI	<p>(a) Construction noise must <del>meet</del> <b>not exceed</b> the limits in <b>NZS 6803:1999 (Acoustics – Construction Noise)</b>; and</p> <p>(b) Construction noise must be measured and assessed in accordance with the requirements of <b>NZS6803:1999 'Acoustics – Construction Noise'</b>.</p>
DI	Construction noise that does not comply with <b>Rule 19.2.1.2 PI</b> .

### 19.2.2 Servicing hours

PI	Loading or unloading of vehicles or receiving deliveries must not take place before 7.30am or after 8.30pm.
DI	Loading or unloading of deliveries that do not comply with <b>Rule 19.2.2 PI</b> .

### 19.2.3 Glare and artificial light spill

PI	Illumination from glare and artificial light spill must not exceed 10 <b>lux</b> measured horizontally and vertically at any other <b>site</b> .
DI	Illumination from glare and artificial light spill that do not comply with <b>Rule 19.2.3 PI</b> .

## 19.2.4 Earthworks

P1	<p>(a) <b>Earthworks</b> within a <b>site</b> must meet all of the following conditions:</p> <ul style="list-style-type: none"> <li>(i) <b>Earthworks</b> must be located more than 1.5m from <b>infrastructure including</b> a public sewer, open drain, overland flow path or other <b>public</b> service pipe;</li> <li>(ii) <b>Earthworks</b> must not exceed a volume of more than 5000m<sup>3</sup> and an area of more than 1,000m<sup>2</sup> within a <b>site</b>;</li> <li>(iii) The <b>height</b> of the resulting cut, filled areas or fill batter face in stable ground, <del>not including any surcharge</del>, does not exceed 1.5m, with a maximum slope of 1:2 (1 vertical to 2 horizontal);</li> <li>(iv) Areas exposed by earthworks are <b>stabilised to avoid runoff within 1 month and</b> re-vegetated to achieve 80% ground cover within 6 months of <del>the commencement</del> <b>cessation</b> of the earthworks;</li> <li>(v) Sediment resulting from the earthworks is retained on the site through implementation and maintenance of erosion and sediment controls.</li> </ul>
