1. **AMBURY PROPERTIES LIMITED ("APL")** wishes to be party to the following proceedings:

The appeal lodged by **WAKA KOTAHI / NEW ZEALAND TRANSPORT AGENCY** under Clause 14(1) of the First Schedule to the Resource Management Act 1991 against the decision of the Waikato District Council to authorise the rezoning of land at Ohinewai in response to the submission by APL in respect of the Proposed Waikato District Plan.

2. APL has an interest in the proceedings that is greater than the general public because the appeal is against the decision granting the relief sought by APL in its submission to Waikato District Council on the Proposed Waikato District Plan to rezone land at Ohinewai ("the Site") and establish an Ohinewai Zone.
3. APL is not a trade competitor for the purposes of section 308D of the RMA.
4. APL is interested in all aspects of the proceedings.
5. APL opposes the relief sought by the Appellant in its entirety for the following reasons:
 - (a) The Appellant seeks that the residential component be deleted from the Ohinewai Zone, or in the alternative that the residential zone provisions for the Ohinewai Zone are amended.
 - (b) The residential component of the Ohinewai Zone is appropriate for the following reasons:
 - (i) It will provide housing to workers at the Sleepyhead Estate;
 - (ii) It will be supported by the appropriate services, and where services are not specifically provided, it will have sufficient access to necessary services.
 - (iii) It will not result in a car-oriented development; and
 - (iv) APL did undertake an appropriate assessment of alternative locations for the residential component and found that there were no viable alternative sites.

- (c) Subject to the amendments to the Ohinewai Zone provisions sought by APL in its appeal on the Waikato District Council's decision:
 - (i) The decision of the Waikato District Council is consistent with all relevant statutory documents including in particular the National Policy Statement for Urban Development 2020, the Waikato Regional Policy Statement and the RMA; and
 - (ii) The Ohinewai zone provisions are the most appropriate to achieve the outcomes sought by the zoning;
 - (iii) The effects of the activities that are enabled by the Ohinewai Zone are appropriately managed by the Ohinewai Zone provisions and will result in net positive environmental benefits.

6. APL agrees to participate in mediation or other alternative dispute resolution of this proceeding.
