**TO** The Registrar  
Environment Court  
Auckland

## **NOTICE**

1. The Surveying Company Limited (**TSC**), wishes to be a party pursuant to s 274 of the Resource Management Act 1991 (**Act**) to the following proceedings:

**Middlemiss Farm Holdings Limited v Waikato District Council: ENV-2022-AKL-000055**

Master Topic: Proposed Waikato District Plan.

2. TSC made submissions (#746) and further submissions on the Proposed Plan and has filed an appeal (ENV-2022-AKL-000086).
3. TSC is not a trade competitor for the purposes of section 308C or 308CA of the Act.
4. TSC is interested in the whole of the proceeding and all of the issues arising from the proceeding.
5. TSC generally supports the relief being sought to amend the rural subdivision and development planning provisions for reasons including;
  - a) Those specified in the Appeal.
  - b) The reasons specified in TSC Appeal that is seeking similar relief.
  - c) The relief will give effect to the National Policy Statement – Freshwater Management 2020 and the Waikato Regional Council – Regional Policy Statement.
  - d) The relief will give effect to 6.17.3 of the Waikato Regional Policy Statement which indicates transferable development rights can be used as a mechanism to direct development to rural residential areas.
  - e) Transferring development rights from the rural environment to rural residential areas is also consistent with objectives and policies of the Rural

zone which seek to maintain rural character and amenity, enable farming and protect high class soils.

- f) The relief is seeking provisions similar to the generally successful legacy planning provisions in Franklin, Manukau and Rodney, and to the now operative rural provisions in the Auckland Unitary Plan, that have been scrutinized by the Courts.
  - g) The relief will create employment and economic opportunities, while supporting primary production, through the restoration and enhancement of ecosystem services and the provision of rural housing in appropriate locations (s32).
  - h) The relief is necessary to avoid, remedy and mitigate the adverse effects of historical land clearance, and the degradation of ecosystems and water quality (s6(c), s7(a), (aa), (c), (d), & (f)).
  - i) The relief will more efficiently use rural land resources including the protection of high class soils (s7(b)).
  - j) The relief will help to respond to the effects of climate change (s7(i)).
  - k) The relief, including incentivising environmental protection, restoration and enhancement, will promote the sustainable management of natural and physical resources in rural areas (Part 2).
6. TSC agrees to participate in mediation or other alternative dispute resolution of the proceedings.

**DATED** this 22<sup>nd</sup> day of March 2022
