

TEMP – Temporary activities

The relevant area specific zone chapter provisions apply in addition to this chapter.

Overview

Temporary activities are short term activities and events that contribute to the social, economic and cultural wellbeing of the community.

Temporary activities have the potential to generate adverse effects, particularly resulting from noise and traffic.

Objective

TEMP-O1 Temporary events in the OSZ – Open space zone.

Temporary events remain ancillary to, and promote the purpose of, the reserve.

Policies

TEMP-P1 Temporary events in the GRZ – General residential zone, MRZ – Medium density residential zone, LLRZ – Large lot residential zone, SETZ – Settlement zone or RLZ – Rural lifestyle zone.

- (I) Enable temporary events and associated temporary structures, provided any adverse effects on the residential environment are managed by:
 - (a) Limiting the timing, number and duration of temporary events; and
 - (b) Limiting noise generated by the temporary events to the permitted noise limits for the zone.

TEMP-P2 Temporary events in the GRUZ – General rural zone

- (I) Enable temporary events and associated structures, provided adverse effects are managed by:
 - (a) Limiting the timing, and duration of any temporary event; and
 - (b) Limiting noise generated by the temporary events to the permitted noise limits for the zone.

TEMP-P3 Temporary events in the LCZ – Local centre zone, TCZ – Town centre zone or COMZ – Commercial zone.

- (I) Enable temporary events and associated temporary structures within the zone, provided any adverse effects on amenity are managed through:
 - (a) Limits on the timing, number and duration of events; and
 - (b) Meeting the permitted noise limits for the zone.

TEMP-P4 Temporary events in the OSZ – Open space zone.

- (I) Enable temporary events and associated temporary structures on reserves, appropriate to the size and purpose of the reserve.

- (2) Manage the scale and extent of temporary events on reserves so that any significant adverse effects on people in the surrounding community are minimised by:
- (a) Limits on the timing, number and duration of events;
 - (b) Meeting the permitted noise limits for the zone; and
 - (c) Managing the effects of traffic on the road transport network.

TEMP-P5 Cultural events and temporary events in the HOPZ – Hopuhopu zone.

Enable cultural events, and temporary events and associated temporary structures provided any adverse effects are managed.
