Kia ora Fletcher

We refer to the directions of the Hearings Commissioners dated 4 November 2020, and the subsequent emails regarding discussions between Kainga Ora and Transpower on the proposed Electricity Transmission Network provisions below.

A final reporting date of 12 May (today) was granted by the Panel.

The parties can advise that while they are now working together on a national response, at this stage, no agreement has been reached regarding a set of Electricity Transmission provisions for the Proposed Waikato District Plan. Accordingly, the Panel will need to be guided by the evidence that was presented as part of the Infrastructure Hearing.

If issues are able to be resolved at a national level prior to the Panel making a final decision, we will provide the Panel with an update on the position.

Please let us know if you have any questions.

Kind regards
Alex
