

PWDP – National Planning Standards Working Table

Working Table: Chapter 26 Hampton Downs Motorsport and Recreation Zone

Third Column:

Changes made as per national planning standard directions

Further changes required

Disclaimer:

1. This working table is intended as a provision tracking mechanism only.
2. The third column is not the final representation of the new national planning standards version. Further amendments and updates have been undertaken in the clean version documentation.
3. The numbering has not been updated to reflect the final version.
4. In some cases, the numbering, cross-referencing and zone chapters have been updated in the working tables however, this has not been applied across all working tables. All numbering, cross-referencing and zone chapters has however been updated in the clean version documentation.

GENERAL DISTRICT-WIDE MATTERS

Chapter: NOISE - Noise

NOISE-Rx Noise – Business and Industrial Area Precinct B and Minor Race Track Area - Precinct C

(1) **Activity status: PER Activity-specific conditions:**

(a) The noise level from activities, other than motor racing activities within Precinct B and Precinct C, shall not exceed the following limits when measured at the notional boundary of any dwelling:

Monday to Friday	7:00am to 7:00pm	50 dBA L_{10}
Saturday	7:00am to 6:00pm	50 dBA L_{10}
All other times including public holidays		40 dBA L_{10}
Monday to Sunday	10:00pm to 7:00am	75 dBA L_{max}

Noise levels shall be measured and assessed in accordance with the requirements of NZS 6801:2008 'Acoustics - Measurement of environmental sound' and NZS 6802:2008 'Acoustics - environmental noise'.

(b) The notional boundary means a line 20m from the façade of any dwelling or the legal boundary, whichever is the closer to the

(2) **Activity status: DIS**
Any activity that does not comply with **Rule 26.2.2 PI**.

7. District-wide Matters Standard

Direction 33: If provisions for managing noise are addressed, they must be located in the Noise chapter. These provisions may include:

- a. noise provisions (including noise limits) for zones, receiving environments or other spatially defined area
- b. requirements for common significant noise generating activities
- c. sound insulation requirements for sensitive activities and limits to the location of those activities relative to noise generating activities.

Direction 34: Any noise-related metrics and noise measurement methods must be consistent with the I5. Noise and vibrations metrics Standard.

Direction 35: The Noise chapter must include cross-references to any relevant noise provisions under the Energy, infrastructure, and transport heading.
