

PWDP – National Planning Standards Working Table

Working Table: Chapter 3 Natural Environment

Third Column:

Changes made as per national planning standard directions

Further changes required

Disclaimer:

1. This working table is intended as a provision tracking mechanism only.
2. The third column is not the final representation of the new national planning standards version. Further amendments and updates have been undertaken in the clean version documentation.
3. The numbering has not been updated to reflect the final version.
4. In some cases, the numbering, cross-referencing and zone chapters have been updated in the working tables however, this has not been applied across all working tables. All numbering, cross-referencing and zone chapters has however been updated in the clean version documentation.
