The cadastre shown on the planning maps is not part of the information in the district plan. It has been provided on the planning maps as an additional function to enhance navigability and search capability. The cadastre was based on the most recent information held by council at the date the maps were produced, sourced from Land Information New Zealand. Establishing compliance or otherwise with the plan may require formal survey.

The District boundary is as defined in the Resource Management Act, which uses the definition from the Local Government Act. The line on these maps representing the District boundary is indicative and for information purposes only. The actual boundary is as defined in the legislation. Determining right and obligations under the District plan where the District boundary is relevant many require a formal survey.

The District planning maps are at a scale of 1:5000, 1:10000 and 1:50000. Use at any other scale than specified on each map is for information purposes only, and does not form part of the District Plan.

Projection: New Zealand Transverse Mercator
Datum: New Zealand Geodetic Datum 2000
