

## **Additional summary of decisions requested for the Proposed Waikato District Plan Stage 1**

*We have now fixed the various issues that we had with our initial notification of the summary of decisions requested. These issues included:*

- 1. Five submissions were omitted from the summary of decisions requested;*
- 2. There was a very small number of errors in the summary of decisions requested that needed to be corrected; and*
- 3. Some of the original submission documents were unavailable due to technical issues (although the decisions requested were summarised).*

*Consequently, the timeframe for receiving all further submissions on the Proposed District Plan – Stage 1 is extended to 9am on **16 July 2019**.*

*To make it easier for submitters, we have listed each of the submissions affected and the nature of the corrections made to each summary in the tables below. We have listed the submissions affected both numerically by submitter number and alphabetically by submitter name.*

*If you wish to view the hard copies of these corrected submissions, please consult the updated folders at each service centre and library.*

*The submissions affected have the following colour coding:*

*Purple folder: Contains the original submissions that were unavailable due to technical issues when the summary of decisions requested was first notified on 29 April 2019.*

*Blue folder: Contains any amendments to the summary of decisions requested including:*

- The five submissions that were omitted from the summary of decisions requested that was first notified on 29 April 2019; and*
- Any corrections to the summary of decisions requested. In each case, we have identified the specific submission and submission point.*

*All amendments to the summary of decisions requested have been highlighted in yellow for easy reference, in both the online version and the printed paper copy.*
